## GENERAL INSTRUCTIONS

1. This form should be used to replace any registration plate that was not received within 90 days of the original issuance date. This form should also be used if replacing a standard registration plate issued more than 90 days ago. If replacing another type of registration plate issued more than 90 days ago, use the appropriate form for that plate type. **Ex:** Form MV-914 should be completed when replacing an Honoring Our Veterans registration plate. **NOTE:** All forms can be found on PennDOT's website at [www.dmv.pa.gov](http://www.dmv.pa.gov).
2. Complete applicant information exactly as it appears on current registration card. Print address change in space provided, if applicable. When applying for a standard issue replacement registration plate, Section E must be completed instead of Section D. Fee is \$11. In order to receive a replacement specialty plate, you must reapply for the specialty registration using the appropriate form. Individuals should list their PA Driver's License (PA DL) or Photo ID # in the space provided. Businesses should list their Business ID # (Bus. ID) where indicated (i.e. E.I.N.). **NOTE:** When the application is being submitted through an agent/messenger, a legible photocopy of the applicant's valid photo identification (front and back) must be attached.
3. Indicate duplicate or replacement product(s) desired in Section B.
4. When the owner of the registration plate determines that the registration plate is illegible and wishes to have the illegible registration plate replaced with a standard issued registration plate free of charge, the owner of the registration plate must have a local or state police officer complete Section C.
5. If replacing a registration plate, the owner and the co-owner's signatures are required to be notarized in Section E. If the vehicle is owned by a company or a corporation, a letter is required on company letterhead identifying the person who is authorized to sign in Section E to receive the replacement registration plate on behalf of the business. If the replacement registration plate is mailed to the company/corporation, the only requirement is a letter on business letterhead authorizing the representative for the company/corporation to sign in Section E. This letter must be attached to the application before submitting to PennDOT. In addition, the authorized agent is required to maintain a copy of the letter on company letterhead authorizing a person to sign in Section E and/or pick up the plate for the company/corporation for three years.
6. Make check or money order payable to the Commonwealth of Pennsylvania and mail to the address listed on the front of the application. **DO NOT SEND CASH.**
7. Complete Section E instead of Section D, if this application is made within 90 days from date of original issue and the registration card, weight class sticker or registration plate was never received in the mail. No fee is required.
8. Should you desire to renew your registration in conjunction with this application for a standard issued registration plate, you must complete Form MV-140 or your registration renewal application and return it with this application. A \$11 replacement fee is required in addition to your registration fee when replacing the current standard issue registration plate in your possession. **NOTE:** Duplicate registration cards at time of renewal, transfer or replacement of registration plate cost \$2 each. All other times, a \$6 fee is required for a replacement or duplicate registration card.
