Fall 2023—Winter 2024

2023 Year In Review & Looking Forward to 2024

It is hard to believe that 2023 is coming to an end. It has been a successful year for the Township.

The American Rescue Plan Funding enabled the Township to purchase a Mack truck.

Supervisor Willie Adams has been re-elected to serve a third consecutive term.

Stutz Road project has been completed.

Schnur Road drainage has been completed.

Carbon Center Road had new guiderails installed, safety markings on the road, and signage to bring attention to a sharp curve. Drainage has also been completed.

Tree trimming throughout the Township was performed.

We are looking forward in 2024 to working with Jefferson Township through an Intergovernmental Agreement for the sealing of Bonniebrook Road from the Jefferson Township line to Herman Road intersection. Thank you in advance for your patience with this project because Bonniebrook Road is one of the Township's busiest road. The project will begin when the weather permits. Advance notice will be given via the Township's website.

The Township has received the Community Development Block Grant (CDBG) for the Binsey Road project.

Sign Vandalism

Summit Township took upon the much needed task of replacing and repairing roads signs and speed limit signs throughout the Township.

This is an example of tax payer dollars being productively utilized. However, defacing and vandalism of the signs have been occurring. If you witness vandalism, please report it to the police. It is time-consuming for the road department and costly to the Township.

Thank You to Binsey Road Residents

Binsey Road has qualified for the Community Development Block Grant (CDBG). Thank you to all the residents that participated in the survey. Without your help, it would not have been possible to obtain the funding.

Fall and Winter Reminders

Whenever burning leaves, please do not burn them along the road or on the Township's right-of-way. Please do not leave the fire unattended and use extra caution on a windy day.

It's that time of year for the friendly reminder to help the road department's ability to safely maintain the roads during the winter months.

Please do not park your vehicle along the roadside and do not push your snow from your driveway onto the road. It is recommended to push your snow to the lower side of your driveway so that the snow plow does not place the snow back onto your driveway.

Also, the Township is not responsible for mailboxes that are damaged due to snow plowing that are on or over the Township's right-of-way.
