ENGINEER'S REPORT

TO: Summit Township Authority
Board

DATE: September 17, 2024

FROM: L. J. Lennon, Jr., P.E.
D. I. Null, P.E.

S. O. No.: 675-001

cc: File

SUBJECT: **September 2024 Meeting**

1. Project Design

- A. **Permitting:** *The DEP Water Quality Management (WQM) Part 2 application has been submitted to DEP as approved at the December 2023 meeting. The application is in the administrative completeness review process. WQM Part 2 received from DEP, task complete. Final design pending procurement of easements.*
- B. **Project Easements:** *Cost proposal for easement preparation, public meetings, etc. was provided at July meeting. Proposal was finalized for consideration at July meeting. Conference call was held with Solicitor for coordination of easements:*
- *Authority will need to register on PA One Call System (this reduces amount of information/work required for easements for recording by County). Initial registration by Authority was denied by PA One Call System. Additional information is being requested from PA One Call Liaison. **Liaison advised Authority can't apply as a utility member without having utilities in the ground. LSSE to contact County for further discussion.***
 - Discussed the following schedule:
 - *July 31 - LSSE to have listing updated by End of July with current ownership (multiple property owners, etc.). Listing has been updated and provided to Authority and Solicitor for comment. Complete.*
 - *October – complete preparation of easement exhibits and agreements. **Approximately 40% of exhibits have been drafted. The first 100 are being issued to the Solicitor for agreement preparation.***

- October/November – schedule public meeting(s). **Meeting schedule to be coordinated with Authority/Solicitor.**
- Etzel Property:
 - *Discussed with PaDEP permitting requirements for extension of sewer to the Etzel property. PaDEP advised that planning approval is required, PaDEP to respond with requirements (Eg. is planning module acceptable, attachments required, etc.). PaDEP advised on July 24, 2024 that a Planning Module Component 3 is required. **Planning Module Component 3 has been prepared.***
 - *Field work for survey for sewer extension completed.*
 - *Draft agreement for Etzel property – Authority to review with Solicitor. **Authority coordinating with Butler. File review is schedule with PADEP on October 2, 2024, to review Butler Township Act 537 Plan regarding this property.***

2. Residential Connection Details

- A. *Details from another community are being provided to the Board for consideration and discussion. **Details were provided at the August 2024 Meeting for Board consideration. August discussion related to service line easement to be discussed.***

3. Funding

- *A meeting was held with Pennvest, RUS, Authority and LSSE representatives on February 27, 2024 to discuss joint funding of the sewer project. Both funding sources indicated that a joint funding effort was feasible. A key consideration is to determine if the project can incorporate at least 1 customer from a second municipality to increase the eligibility for Pennvest funding to \$20M. PENNVEST has advised that 117 Herman Road (commercial lot, located in both Summit Township and Butler Township but taxed in Butler Township Ward 1) would be deemed service in a second municipality. LSSE contacted Pennvest to discuss potential Phase 1 project funding with the \$20M cap. Pennvest advised that this is acceptable if the Phase 1 project is feasible without Phase 2. **Pennvest advised in July 2024 that the November application round is looking competitive, suggested targeting February application round. The October 30, 2024 deadline and the February 5, 2025 deadline.***
- *RUS will arrange a meeting with their inhouse engineer, the Authority, and LSSE to discuss technical issues of RUS funding and how much of the work already completed can be used to meet RUS funding requirements.*
- FY2025 Community Project Funding:
 - *Congressman Kelley FY 2025 Appropriations: Kelley's office advised on June 28, 2024 that the project was included in the FY25*

Interior Appropriations Bill for funding in the amount of \$750,000.00. Project is listed in the FY2025 U.S. Congress Committee spending items.

- *The November 2023 PA DCED Statewide Local Share Account grant application was submitted by the Authority for extension of the collection system in Phase 2/3. LSSE provided the map and cost estimate of \$996,710. The maximum grant amount is \$1,000,000. PA DCED is anticipated to consider in October.*
- 2024 PA DCED Statewide Local Share Account applications to be accepted from September 1, 2024 to November 2024.
