# Tiny the Tanker

## **Tiny the Tanker to the Rescue.....**

Tiny the Tanker has taken on a personality of his own. His sweet child like voice melts the hearts of both young and old as he strolls slowly throughout events greeting and engaging guests along the way. Whether singing happy birthday, giving directions, playing a children's song or reminding guests to wash their hands Tiny always gets a big smile or kind wave in return.

Tiny the Tanker has all the equipment, lights, sirens and water effects of a real fire truck but also has an improved sound system, extra bright LED lights on his front bumper (mouth) which lights as he speaks, rear and side view cameras, 4 hand sanitizer dispensers, water misting nozzles, surprise water squirting nozzles and bubble machine. All of which are a big hit with the younger kids. Impromptu Bubble dance parties are one of Tiny the Tankers crowd favorite antics.

Speaking and engaging with guests makes Tiny the Tanker a standout attraction at events. Tiny's charm lies in the child like voice and kind hearted banter aimed to bring laughter and make lasting connections with folks of all ages.

### **A unforgettable one of a kind "character".**

Two standard sign frames 18" tall x 24" wide (yard sign size) are available to **DISPLAY YOUR EVENT SPECIFIC MESSAGES OR SPONSOR AD** (event provides signs)
