

**WE HAVE THE ABILITY TO PLACE THIS FLYER IN YOUR HOUSE
BUT THE COURTESY TO LEAVE IT AT THE DOOR.**

You have a right to privacy and safety, and our team of lock, key, and hardware experts will help you enjoy those feelings of security. Locking mechanisms are fantastic tools but, like everything else in the world, your hardware requires maintenance.

In over 60 years of business, we've dealt with every lock-related task imaginable. Rusty equipment, malfunctioning keypads, missing pieces, broken hardware, and high-tech car keys too—you name it, it's come through our doors more than once!

Every day, all throughout
**HAMPTON
ROADS,**
we're helping people with:

padlocks, key duplication
lock installations, safes & vaults
antique lock repairs, door hardware
vehicle remote keyless entry systems
