

Samuell Grand Park

6200 E Grand Ave, Dallas, TX 75223

Everyone has their own reason for visiting Samuell Grand Park.

Since 1937, locals and travelers alike have visited the park to exercise, relax, and connect with the community. So, the only question is: which activity will keep *you* coming back?

There's a little something for everybody at the recently renovated Samuell Grand Park. It's 81 acres of fun for the whole family, including a playground, swimming pool, garden areas, and much more! Looking to work up a sweat? You can play up to 36 holes of golf, a round of tennis, or work out at the fitness center. When you need to cool off, there'll be plenty of showers and shaded areas available to help you recuperate.

Beyond those great amenities are a few attractions that you won't find at most public parks...Samuell Grand has made a name for itself through the park's amphitheater, which is used for Dallas' Renaissance Winter Faire and "Shakespeare in the Park" productions. Additionally, community organizations take advantage of the park's kitchen facilities, meeting rooms of various sizes, soccer fields, and baseball diamonds.

Whatever your reason may be, when you come to Samuell Grand Park, there'll be something for you, your friends, family, and colleagues to enjoy. Just come on over to the corner of Samuell Boulevard and Grand Avenue, or call (214) 670 – 1383 for more information.

The only theatre where a chorus of howls is as good as a standing ovation.

The famous dog may have been named Beethoven, but the canine community of east Dallas favors Shakespeare. Every summer, the park's amphitheater reminds us why it continues to be a mainstay for the performing arts scene in Northeast Texas.
