

Hello

# Hey neighbor!

You may have heard that...

**the housing market is HOT 🔥 right now.**

It's true! You'd be hard-pressed to find a better time to buy or sell. But whether you're looking to move into your next home or interested in seeing what your current house is worth, the process can often be met with bothersome uncertainty and unwanted hassle.

**That's where I come in!** My name is Kasey Lawson, and I'm a REALTOR® with Fitzhugh-Wilson Real Estate Inc. For nearly 30 years, our firm has made the buying and selling of homes a whole lot easier for thousands of people in Hampton Roads. I LOVE working with this team because of its reputation for integrity and performance, and I think you'll enjoy working with us too!

If you're looking to sell, we'll develop a market plan to sell your home in the minimum amount of time, with the least amount inconvenience to you, and at the maximum market sales price.

If you're interested in buying, I will work tirelessly to find the best home for you and formulate a successful offer that's within your budget.

I've included two business cards in this envelope. Keep one and contact me whenever! The other card is for someone you know, who might need help with either finding the home of their dreams or listing their current house on the market.

*Chat soon!*
