Children's Corner – Group childcare
Prices start from £300

Our pricing is tailored to the number and ages of children attending, ensuring we have the appropriate number of experienced staff to provide a safe, fun and engaging environment. Each booking is individually quoted to reflect your requirements, allowing us to provide the right level of supervision and support for your littlest guests.

A special space for your littlest wedding guests.
Our Children's Corner provides a welcoming and engaging play area filled with age-appropriate toys, games, crafts and activities, creating a fun space for children to play, explore and enjoy themselves throughout your celebrations.
Perfect for entertaining groups of children during your drinks reception, wedding breakfast or other parts of your special day.

How does this differ from our Wedding Nanny Service?
Unlike our dedicated Wedding Nanny packages, the Children's Corner is a supervised play area rather than a childcare package.
Children are welcome to come and go freely, enjoying the activities whenever they wish.
Our experienced team will be on hand to oversee the play area, encourage participation and support children with activities.
Parents and guardians remain responsible for their children at all times, including their personal care, meals and individual needs.

This flexible option allows children to enjoy their own little space while remaining part of your celebrations, giving families the freedom to enjoy the day together.
For families requiring dedicated childcare, where our nannies take responsibility for their children's care and routines, please see our Wedding Nanny Packages.

Travel & Mileage
Travel is included free of charge for venues within a 20-mile radius of our base.
For venues further afield, a small additional mileage charge will apply to cover travel costs. This will be discussed and confirmed at the time of booking, ensuring there are no unexpected costs.

MEET AND GREET

We understand that leaving your little ones in someone else's care, especially on such an important day, can feel a little daunting.
Building trust and familiar faces before your wedding can make all the difference, particularly for younger children, those who may feel anxious in new situations, or children with additional needs who benefit from familiarity and reassurance.
Our meet and greet options give you and your children the opportunity to get to know us, discuss individual needs, routines, likes and dislikes, and help everyone feel comfortable and confident ahead of your special day.

Our Meet & Greet Options

Complimentary Video Calls – FREE

We offer unlimited video calls before your wedding, giving you the opportunity to chat with us, ask questions and introduce your children as often as you feel necessary.

In-Person Meet & Greet – £25

A relaxed, one-hour visit where we can meet you and your children in person, begin building those all-important relationships and discuss your childcare requirements.
Available within a 20-mile radius for £25.
For families further afield, we're always happy to discuss alternative arrangements.

Your peace of mind matters to us. We want both you and your children to feel happy, secure and excited about spending time with us, allowing you to relax and enjoy every moment of your wedding day.
