- Typical assessment will take the form of an assessment day where an SLSGB Trainer Assessor will verify the training and assessment of candidates using various assessment modes to include;
 - Online Tests
 - Physical Fitness Tests
 - Water based Practical
 - Role Play and scenario based assessment
 - Theoretical test of knowledge

Suggested Course Structure:

The course has been designed to enable you to deliver it based on the needs of your club and candidates to be trained. A suggested course delivery schedule is shown below

- 5 Day course (including assessment verification)
- Course delivered over a number of evenings during club nights
- Course delivered over 3 weekends

Supporting Information:

Guidance:	<ul style="list-style-type: none"> ➤ Training to be a surf lifeguard involves physical exertion in both indoor pool and outdoor environments. The open water environment also involves variable temperatures including cold water. ➤ This level of award requires the individual to have the skills and experience to carry out professional rescues in surf and variable conditions. ➤ If a candidate has any medical condition which might impair them they should seek medical advice before undertaking any part of the training course. ➤ Candidates should be able to dive, without risk to their hearing, to a maximum depth of 2m. It may be appropriate for candidates to seek medical advice with regard to diving to depths greater than 1.5m.
