### DAY 1 / SUNDAY: SPLIT

Embarkation begins at 13:00h. Get settled in your cabin before attending a Welcome Reception followed by dinner this evening. Overnight in Split. **(WR, D)**

### DAY 2 / MONDAY: SPLIT – TROGIR

This morning you will get the opportunity to stroll through the streets of Split accompanied by our guide. Split is the second largest Croatian city, best known for its glorious palace of the Roman Emperor Diocletian, a UNESCO World Heritage site since 1979. Return to the ship. Around noon, we set sail towards our first stop, the city of Trogir, another UNESCO World Heritage site. While sailing towards Trogir, your lunch will be served. We will also make a swim stop along the way and we'll arrive in Trogir in the afternoon. You will join our guide for a walking tour of Trogir whose rich history and Greek, Roman, and Venetian influences are visible on every single step of its beautiful, narrow, cobble streets. You will admire the architecture of Trogir's most imposing monument, the Cathedral of St Lawrence, built in Romanesque-Gothic style. After the city tour, you will have free time to explore Trogir at your own pace or have a dinner in one of the numerous local restaurants. Overnight in Trogir. **(B, L)**

### DAY 3 / TUESDAY: TROGIR – HVAR

In the morning, we leave Trogir and head to our next stop, the town of Hvar on the island of Hvar. Swim stop along the way and lunch on board. Upon arrival in Hvar, join our guided city tour to discover its rich history, beautiful architecture, and important landmarks such as the Cathedral of St Stephen, the Theatre which is one of the oldest in Europe dating back to 1612, and the Spanish Fortress. Later in the evening, you can explore the town on your own and see what its night life has to offer. Overnight in Hvar. **(B, L)**

### DAY 4 / WEDNESDAY: HVAR – BIŠEVO BLUE CAVE – VIS

In the morning, we set sail again, this time towards the island of Biševo and its famous Blue Cave. This mesmerizing natural attraction is breath-taking with its white floor reflecting sunlight and bathing the cave in aquamarine light. The Blue Cave can only be approached by boat and at times, due to winds, waves and currents, access to the cave is not possible. We can only know about the sea conditions and possibility of entrance on the same morning of the visit. In case we are lucky enough to get to see the Blue Cave, we will arrive in Vis after lunch. Vis is a small town on an eponymous island, well known for its strategic importance through the years. You will have free time to explore Vis at your own pace and visit one of its many fortresses, such as the Fortress of Saint George. Since it was closed during the time of ex-Yugoslavia, the wonderful island is still like an unspoiled and preserved oasis. Overnight in Vis. **(B, L)**

## **BORIS BAKIJA** – owner of the BALK company and **captain of Adriatic King**

Boris Bakija is an engineering technician by profession, but seaman and captain by passion. He has earned certification for captain of the ships up to 500 brt.

Boris's sea adventure began in 1989 when he went tuna fishing in the Pacific Ocean and spent the next 9 years at sea (?), until 1998. Upon his return home, he started a new venture and began growing his own fleet of fishing ships. By 2015, he had 3 of them. At the same time, he was running another family business, a small factory for fish processing which is still in operation today.

In 2015, Boris and his business partner bought a small cruise ship, Adriatic Queen, which they still own. In 2017, he decided it was time to say farewell to his fishing boats and he sold them. He bought another small cruise ship, Equator, which sailed for his company BALK during the seasons 2017, 2018 and 2019. At the end of season 2019, he sold Equator and began another era in his sea adventure. He started the construction of the new pearl in his crown, a new ship called Adriatic King which sailed for the first time on June 26th, 2021.

Boris always includes his family in his businesses. The company name, BALK, represents the initials of the Bakija family: Boris, Anita, Lovre and Katarina.
