

Mission: To design multi-modal transportation systems that improve safety and quality of life through professional services.

Values: Integrity, hard work, respect and professionalism

Austin Gilbert

Principal Engineer

Old Glory Engineering LLC

License No. E-2782

98 Antelope Hills Drive

PO Box 1497

Saratoga, WY 82331

Austin@oldgloryengineering.com

Austin has extensive knowledge of highway and street design as a transportation engineer. His experience includes roadway design, construction management (project engineer), inspection (observation) and quality assurance working for departments of transportation, public utilities, municipalities and county agencies. Projects in construction include a breadth of transportation and municipal utility work. Austin has been successful in grant applications for FHWA HSIP and WY DWSRF. Austin has significant experience in federally funded projects with a 100% success record for reimbursements, and has passed the WYDOT LPA program.
