

# A Comprehensive California SB553 Workplace Violence Solution

## Part A - The Mandate: Policy, Committee, and Plan

- We shoulder the workload of establishing and documenting your workplace violence policy, plan, and protocols to meet all requirements of California SB553.
- We work with you to ensure all requirements are met and tailored to your facility.

SB553 requires that virtually all employers in California have in place by **July 1, 2024**:

- ✓ A comprehensive written workplace violence prevention plan
- ✓ A violent incident log
- ✓ Effective workplace violence training for all employees

## Part B - Workplace Violence Training: Focused on Prevention First

- Our workplace violence training is comprehensive and provides your employees with the knowledge to recognize warning signs, de-escalate, and respond to and report incidents appropriately when they do happen.

- ✓ What is it and what's it Look like?
- ✓ Prevention: Threats and Indicators
- ✓ Truths about Violence
- ✓ Common Sense Security Steps
- ✓ De-escalation and Communication Strategies
- ✓ Response and Reporting

## Part C - Basic Facility Physical Security and Safety Assessments

- Our nationally recognized experts will assess your facility and provide improvement recommendations to your committee and leadership. Our After-Action Report provides a prioritized roadmap for you and also includes recommendations for protocol and training enhancements along with physical security improvements.

**The Comprehensive Solution = A+B+C**

TBR Consulting (A proud partner with the Active Shooter Prevention Project) is ready to help you with any or all of your California SB553 workplace violence requirements.

**TBR Consulting**  
TRAIN. BE READY.
