

Active Shooter Prevention Training

Empowerment, not Fear

The primary goal of the TBR training program is a knowledge transfer of best practices from real live active shooter events.

- Prepare your school, business, house of worship, organization or agency for the unthinkable.
- Overcome the belief that – *“It Will Never Happen Here!”*
- Empower everyone to reduce injury and save lives during active shooter events.
- Assist in identifying the warning signs of an active shooter.

Emergency Plans and Process Assessments:

Ensuring your plans match best practices.

Site and Facility Assessments:

Securing your space, protecting your people.

Lifesaving Products and Technologies:

Proven to reduce injury and save lives.

Customized Training:
