The Next Level reusable 2-ply masks are ECO friendly (made of 70% recycled material), moisture wicking, washable, breathable, and fit over an N95 mask. Can they get any better than that? Yes!

The Eco Mask has proven to have a 93.6% particle filtration efficiency (PFE) against all active particles and viruses as tested by an accredited, independent laboratory using the STP0005 standard based on ASTM. Please contact your Catalyst Group sales representative or customer service if you would like a copy of the lab results.

**Fabric:** Eco Performance 40% Recycled Poly, 30% Recycled Cotton, 30% Cotton. 145g/7.1oz.

**Size:** One size fits most.

**Decoration:** Max print size 2"x2". Digital transfer or 1 colour print recommended.

**Packaging:** Packaged in sleeves of 48, Cases of 1008. Can be sold individually.

## CSKN10 FACE MASK 10 PACK

The Hanes non-medical-grade mask is soft, washable and reusable. With three layers of coverage, our breathable, 100% cotton mask is designed for comfortable everyday wear and features Cool Comfort™ moisture-wicking fabric. The ear loops are constructed from soft cotton yarn with internal rubber banding for a comfy personalized fit, while the adjustable nosepiece and front panel pleats provide contoured facial coverage.

**Fabric:** 100% Cotton

**Colour:** Black

**Size:** One size fits most.

**Decoration:** Digital Transfer Max. Size 2" x 2".

If Catalyst Group decorates, masks will be removed from package and will not be re-packaged.

**Packaging:** 10 masks per package. 24 10-packs per case.

A display tray can be ordered at no charge with the purchase of 48 or more 10 packs (HMTRAY).

\* Packaging may not be exactly as shown.

**Disclaimer:**

- This is a non-medical mask. Wearing a non-medical mask when in public or other settings is not a replacement for following proven measures such as hand washing, avoiding touching your face and physical distancing. When staying home or maintaining a 2m physical distance from others is not possible, a non-medical mask can reduce the spread of the wearers respiratory droplets to others. For more information about non-medical masks, please visit [www.canada.ca](http://www.canada.ca)
  - Individuals with lung disease like emphysema, or chronic heart disease, should only use this product in consultation with, and as advised by, a primary care physician or other qualified health professional.
  - Stop using this product if you notice difficulty breathing while wearing it.
  - This mask does not replace the personal protective equipment such as N95 respirators used in healthcare settings and should not be used in a healthcare setting.
  - If skin irritation occurs, immediately stop using the mask, if irritation persists, consult your primary care provider.
- \* All PPE products are final sale.**
