

CLEARCLOUD

The Clear way to Sanitize

POWERED BY CLEARWORLD

WHY CLEARCLOUD ?

WHO WE ARE

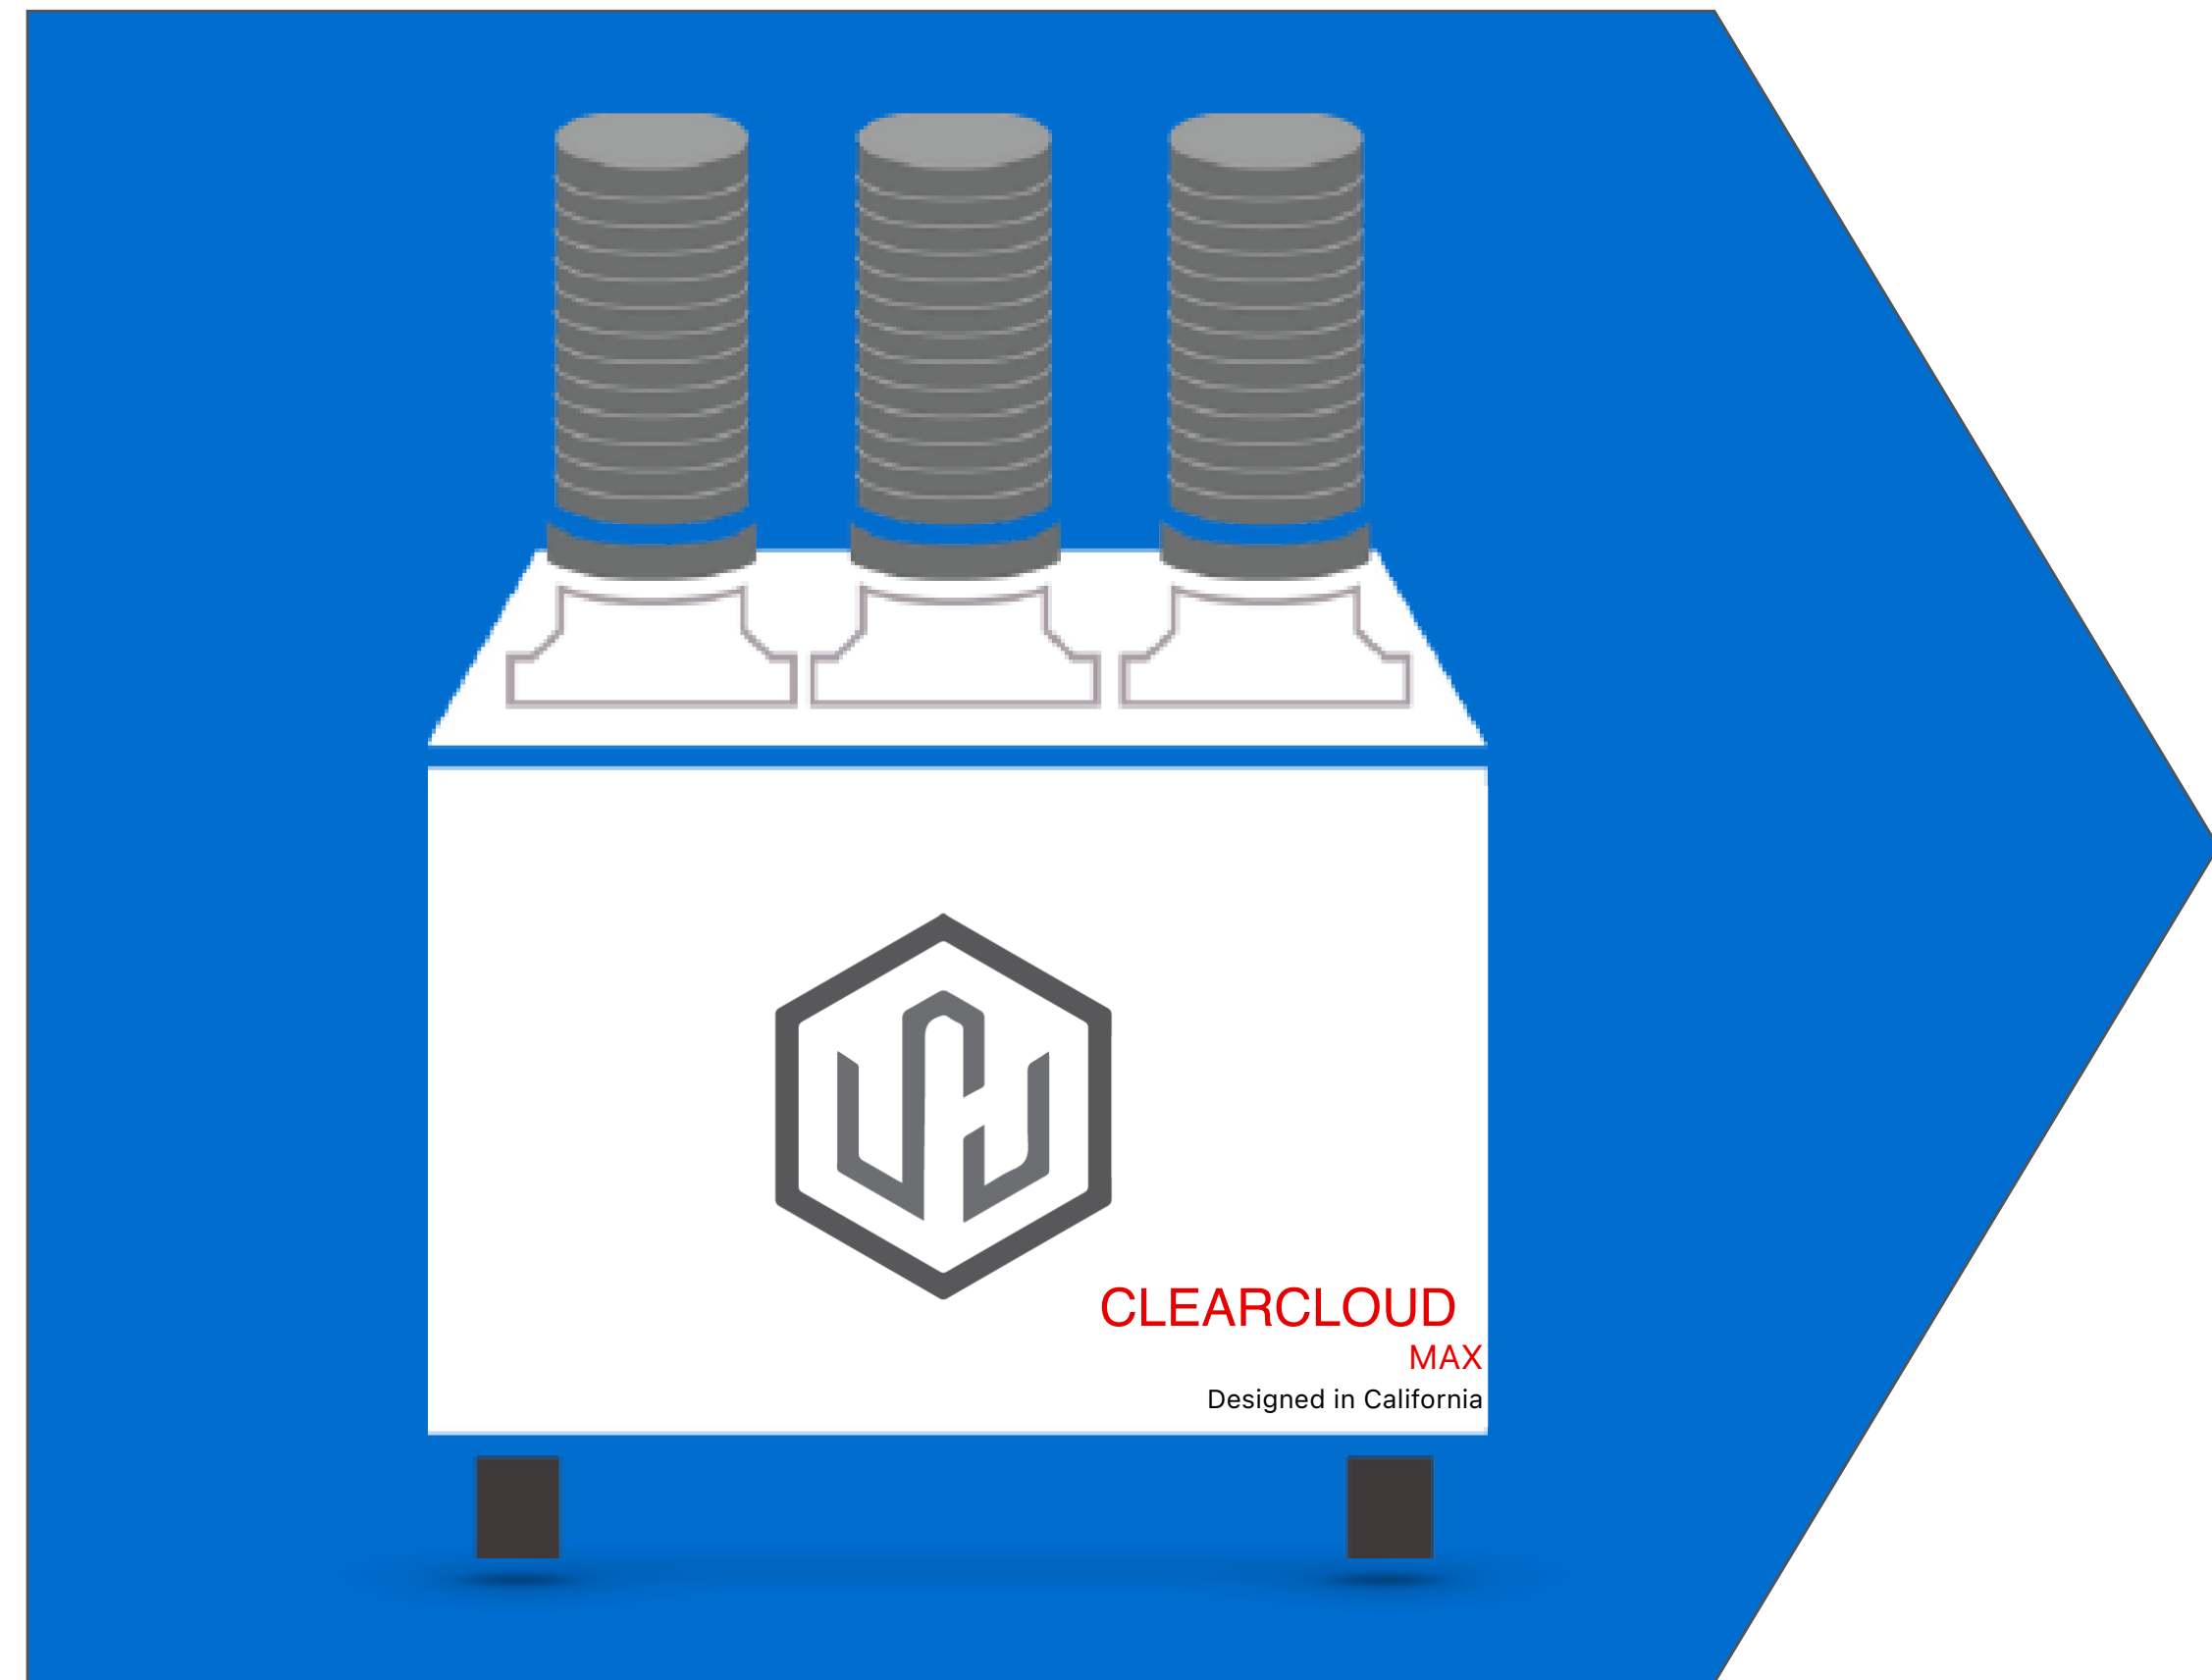

ClearWorld is a technology development company with over 20 years in the industry. We have gained a successful worldwide reputation in leading product development with unmatched quality and customer service. We now have an emphasis on bringing you a cleaner space. Our innovation brings products to market with a clear vision to enhance the world - with affordable financing options on products that can change the way your home, business and quality of life function.

WHAT WE DO

Our goal is to take revolutionary technology and make it attainable. ClearWorld's solution paired with revolutionary engineering reaches what conventional cleaners cannot. The solution is an EPA Registered List 'N' Disinfectant with its main ingredient being Hypochlorous Acid. The solution is strong enough to eliminate harder-to-kill pathogens such as SARS-CoV-2 (COVID-19). All you have to do is turn it on and let it run, don't leave germs behind.
- Choose ClearCloud.

INTRODUCING THE CLEARCLOUD

- ClearWorld engineering created the first sanitation machine(s) of its kind: **THE CLEARCLOUD.**
- The CloudCloud devices are paired with our organic, non-toxic formula (HOCl), also known as the ClearCloud Solution.
- ClearCloud ensures safe and convenient sanitation that reaches what conventional cleaners cannot.
- ClearCloud **Eliminates 99.99%** of bacteria & viruses, including SARS-CoV-2, the virus that causes COVID-19 from the air and all surfaces.

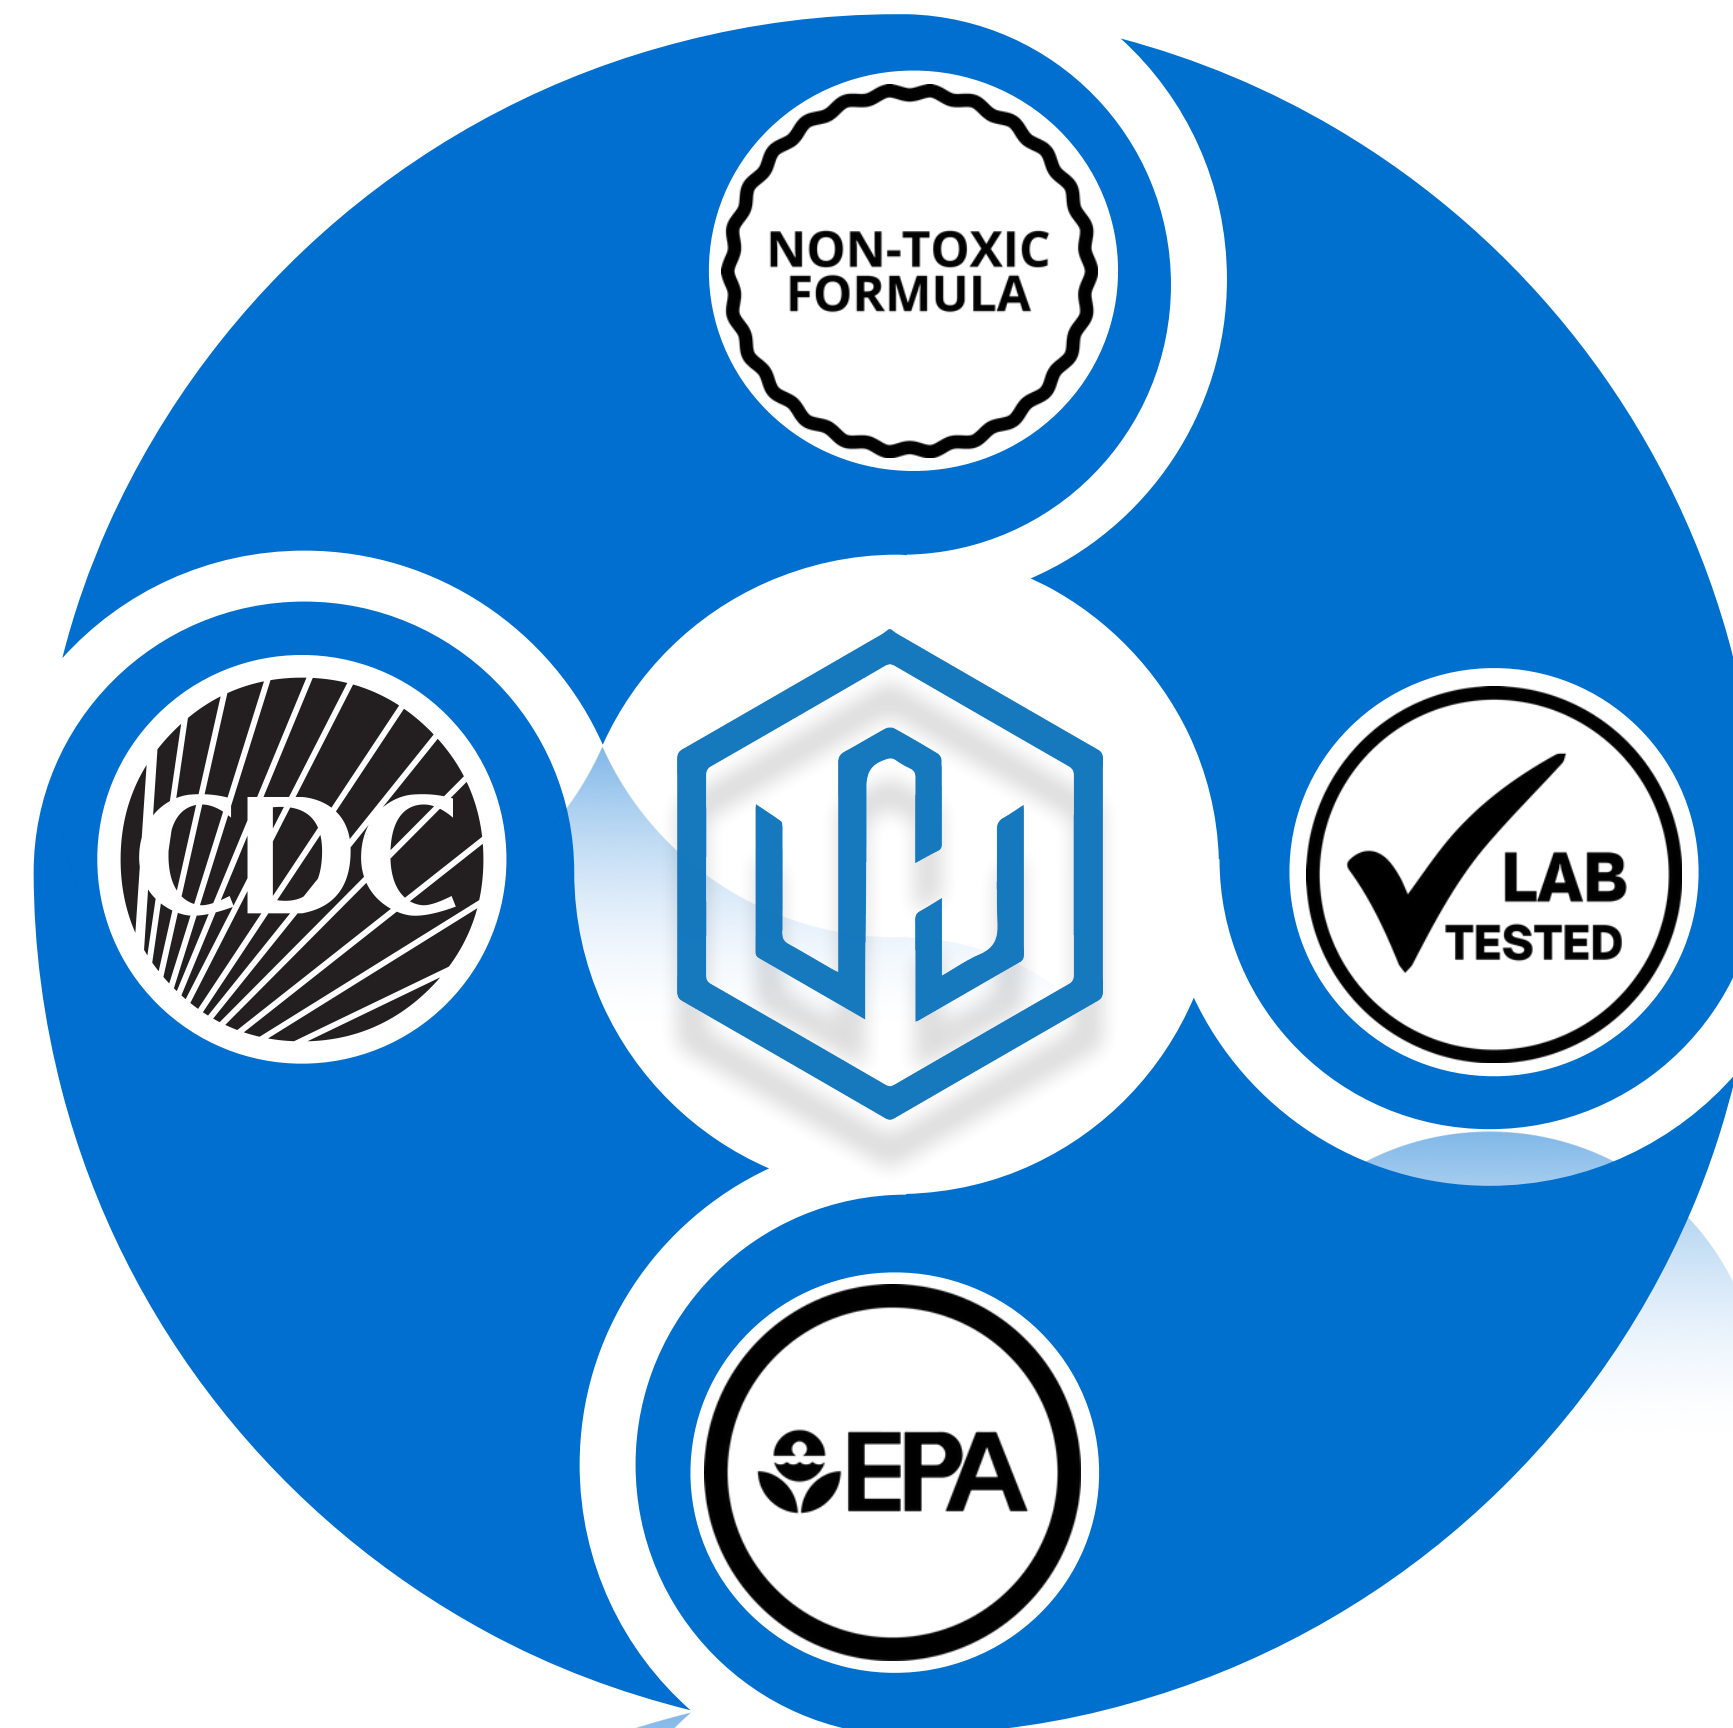

THE CLEARCLOUD SOLUTION

NON TOXIC ALTERNATIVE

It's not a traditional toxic chemical, it's safe, non-toxic and it does not leave residue. CDC Approved.

TRIED AND TESTED

≥ 200 PPM, HOCl is Non-Toxic, 100% Organic, under EPA's list N & kills COVID virus in 60 seconds.

EFFECTIVE

It's 100x times stronger than bleach yet effective & safe on all surfaces. Disinfects both air and surfaces without leaving a residue or need to wipe after.

EASY TO USE

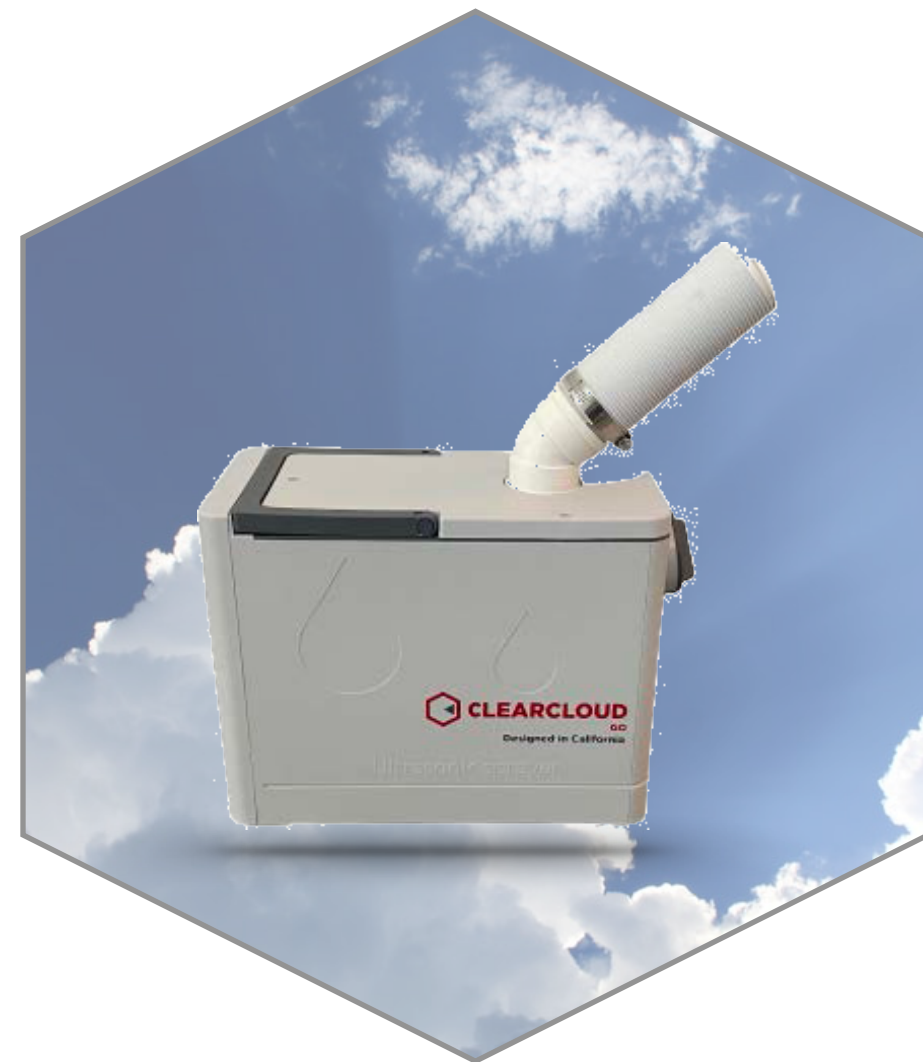

Our machine is ready to use in minutes. Fills up any space quickly. Sanitizes in seconds.

SOLUTION VS. CHEMICAL COMPARISON

Benefits Comparison	Alcohol	Bleach	HOCL (Hypochlorous)
Immediate Occupancy	X	X	✓
Non-Toxic & No PPE Required	✓	X	✓
Safe for People, Plants, & Animals	✓	X	✓
Foodgrade Safe	X	X	✓
No residue or rinse required	X	X	✓
Hand, Face, & Skin Sanitizer	X	X	✓
Heals Skin in Wound care	X	X	✓
Spray Mist & Aerosolze Safter	X	X	✓
Non-Irritating two eyes and lungs	X	X	✓
Fabric safe	X	X	✓

	Bleach Spray Bottle	Handheld Fogger Gun	ClearCloud Machine
Coverage Area	Contact Area	Contact Area	Surface Area & Air
Wipe Down After	Yes	Occasional	No
Safe on all surfaces	X	X	✓
Non-toxic fumes	X	X	✓
Reduced labor costs	X	X	✓
Leaves no residue	X	X	✓

THE CLOUD SERIES DEVICES

ClearCloud **Go**

- Manual (On / Off switch)
- Compact size to fit in vehicles
- Attached handle, easily portable
- Ultrasonic discs technology
- Great for car rental, rideshare services, car dealerships, small offices.
- Tank Size: 1/2 gal
- Dimension 1.2ft x 0.5ft x 0.8ft
- Weight 11 lbs

ClearCloud **Plus**

- Manual (On / Off switch)
- Ultrasonic discs technology
- 2 nozzles for covering medium sized areas.
- Power Source: Standard Outlet
- Great for offices and event spaces.
- Tank Size: 5 gal
- Dimension 2.4ft x 1.8ft x 1.4ft
- Weight 60 lbs

ClearCloud **Max**

- Manual (On / Off switch)
- Ultrasonic discs technology
- 3 nozzles for covering larger areas
- Power Source: Standard Outlet
- Great for offices and event spaces.
- Tank Size: 7 gal
- Dimension 2ft x 1.8ft 2ft
- Weight 77 lbs
