## THANK YOU!

Everyone one of us involved in this project wants to thank you! Without your support, we couldn't bring this incredible project to English readers!

## MAX BERTOLINI

"Thanks so much for helping bring to life the English version of Hangar 66! I hope you'll find in every page all the care and joy I put into making H66 a fully structured universe of fighting, hope, love, and hate. This is only the beginning of a long ride into a completely stunning new world!"

Issue #2 will not disappoint! The world becomes more intriguing and brutal. The art seems to simply take you deeper into the rabbit hole of HANGAR 66! The characters you know become caught up in a world of brutality like you've never seen.

## VARIANT COVER BY MAX BERTOLINI

This is just the beginning! WTF Comics is working to bring you more Art, more Stories, and more Max Bertolini! Besides our work to bring you the next three issues of Hangar 66, we are excited to announce that Max will be doing a Variant Cover for HOURGLASS, an action packed 64 Page comic! This project will announce details soon but here is a short summary and some of the character designs from interior artist Garrie Gastonny.

### **HOURGLASS:**

Time is of the essence in HOURGLASS, the strange story of two complete strangers—suddenly stricken with powers at the exact same time! Opposite polarities attract when a young boy and an old man must race the clock to fulfill the fate they have been dealt.

Two lives collide in HOURGLASS!
