

Accused – P. Christian

**VERSE 1**

**G**

Before you, I stand accused  
Trying hard to look confused

**Em**

It's all I can do, all I can do

Wound up and so in love  
You know I did all I could  
Well that's not true, no that's not true

**Chorus**

**C9**

'Cause I was aiming for the moon

**Dsus4 (x00032)**

Someplace to make a start

And I was looking for a way  
To be near but still apart

**Em**

But you caught me off guard

**A7**

When you said I was a fraud

**C9**

Well I'm guilty as charged

**VERSE 2**

Had too much, I always do  
Saw you talking to you know who  
Well that's not cool, yeah that's not cool

Knowing I'm the jealous kind  
No excuse, I know your mind  
Yeah that's on you, yeah that's on you

**Repeat Chorus**

**G** 1x (STOP)

**SOLO** over chorus progression

**VERSE 3**

That summer seems so far away  
Think about you every day  
Well that's not true, no that's not true

Cast down, left behind  
The best thing you'll ever find

Well that's on you, yeah that's on you

**Repeat Chorus**

**G** 1x
