You wouldn't know the truth, if it slapped your face

**D** **G** **A**

Believe you me that's taking some restraint

**D** **G** **D**

You worked so hard to perfect your style

**D** **A** **D**

Flawless right down to the nails you file

**Chorus**

**D** **F#** **Bm** **E**

I never hated anybody, I never hated anyone

**G** **A** **D**

The way that I hate you

**Verse 2**

You always knew where to place the blame

You were picture perfect in a picture frame

When you arrived everybody froze

Such Evil lurks behind a perfect pose

**Repeat Chorus 2x**

**Bridge**

**Bb** **Eb** **C** **F**

You've fooled yourself

**D** **G** **E** **A**

If you think you've fooled anyone else

**Verse 3**

You always thought to advance your name

You always played such a wicked game

And you always won as only poison can

Discarding me as you played your hand

**Chorus**

I never hated anybody, I never hated anyone

**G** **A** **D**

The way that I hate you

**D** **F#** **Bm** **E**

I never hated anybody, I never hated anyone

**G** **A** **Bm** **E**

The way that I hate you

**D** **F#** **Bm** **E**

I never needed anybody, I never needed anyone

**G** **A** **D**

The way that I need you
