

**No Intro**

**VERSE 1**

**G** **Em**  
I fell in love in Memphis  
**C** **G**  
At the Gibson factory

**G** **Em**  
Little Lisa was hanging out  
**C** **G**  
Exquisite naturally

**Em** **C**  
I asked around  
**Em** **A7**  
But no one shared a thing

**G** **Em**  
The tour driver called me out 'cause  
**C** **G**  
It was time to leave

**VERSE 2**

Every mile of the ride home  
Her memory haunted me

A slender neck and a sculpted body  
She had everything

Only half-done  
She still needed me

We hardly met but I could tell  
It was meant to be

**CHORUS**

**Am**  
I did not foresee this  
**G**  
I was not prepared  
**Em**  
To fall in love in Memphis  
**A7**  
Or anywhere

**VERSE 3**

I saved up to buy my seat on the  
Southbound train

Confident that I could find her  
This couldn't be in vain

But she wasn't there  
They said she went away

Off to some music shop in San Jose

**INSTRUMENTAL VERSE**

**CHORUS**

**Am**  
I did not foresee this  
**G**  
I was not prepared  
**Em**  
To fall in love in Memphis  
**A7**  
Or anywhere

**VERSE 4**

Someday I'll take a trip to  
Californ – i – a

Will she be waiting for me?  
Will she be the same?

It's not fair  
She was meant for me

I should've stayed in Memphis and  
Said, what I had to say

I should've stayed in Memphis and  
I should've bought a ring

I should've stayed in Memphis and  
Put down a layaway
