Hello Team USC Group,

Today marks 4 years of United Services & Relations Inc establishment. We are so pleased and excited to announce our 4-year anniversary. As you all might know we started this company in 2019 with a thought of someday growing our company and its team members. I take this occasion to thank each of you for being an earnest part of The USC Group.

We take pride in the team we have created. What began as a small firm with just one founding member has risen to stand tall amongst some of the most challenging times through these years alongside dealing with the pandemic around the world. With more than 25+ employees in less than 4 years, *The USC Group* recruited 50+ Engineers, including team members for more than 25+ clients. Please note that together we have a long way to go in terms of our achievements and to accomplish our goals this year. Our company has countless achievements and accomplishments, especially from last year which proved to be exceptionally productive for our company.

Without the support of our excellent team, it would never have been possible. Every one of you plays a very important role in the development of this company. It is for your enthusiasm, support and dedication that have brought us to this height. The USC Group shall ever remain indebted to the contributions of its employees. As one of the fastest growing IT Consultancy, our goal this year is to add clients from all types of industries and become a multi-million-dollar company. *“Great things in business are never done by one person. They are done by a team of people.”*

We are also grateful to our clients and customers who trusted in us to help them provide immaculate services and products. Their demands, challenges and feedbacks have pushed us to go ahead and improve vigorously. Our success story remains incomplete without the support of our clients and customers.

We plan to keep our business and relation growing with you and continue to provide you nothing less than the best. With your support, we wish to explore new heights this year.

“We are in people helping business. Success isn’t Always about Greatness. It’s about Consistency.”

Jay
