

VELOURA AROMA – CONTRACT & CUSTOM MANUFACTURING DETAILS

1. CONTRACT MANUFACTURING SERVICES

Veloura Aroma provides end-to-end Contract Manufacturing solutions designed to support brands in launching high-quality fragrance and aroma products with complete reliability and confidentiality.

Our services include:

- Tailor-made fragrance development
- Bulk production of essential oils and aromatic blends
- Product formulation for perfumes, room fresheners, candles, cosmetics, and diffusers
- Complete bottling, filling, labeling, and packaging solutions
- Custom packaging design and brand support
- Strict quality control matching international standards
- Scalable production capabilities for domestic and global markets

2. CUSTOM MANUFACTURING / PRIVATE LABEL SOLUTIONS

Veloura Aroma specializes in custom-made fragrances and private-label perfume solutions tailored to your brand identity and market needs.

What we offer:

- Fully customized fragrance creation based on brand concept
- Multiple fragrance families: floral, woody, oriental, fresh, gourmand, citrus, luxury blends
- Personalized perfume oils and long-lasting EDT/EDP formulations
- Customized bottle designs, caps, and packaging options
- Branding support including logo placement and label design
- Low MOQ (Minimum Order Quantity) options for start-ups
- Complete confidentiality and exclusive formulas for clients

3. QUALITY & COMPLIANCE

- All ingredients sourced through certified and trusted suppliers
- IFRA-compliant fragrance development
- Strict quality control at every stage
- Batch consistency, stability testing, and documentation
- Support for export documentation and global compliance if required

4. WHY CHOOSE VELOURA AROMA?

- Over a decade of expertise in essential oils and fragrance manufacturing
- Family-owned business committed to quality and trust
- Advanced blending and manufacturing infrastructure
- Strong domestic and international supply capabilities
