Australian Artist Jeremy Harry Harris Explores the Dark Depths of Relationships in New Single "Flatline D.O.A"

Australian singer/songwriter Jeremy Harry Harris is set to release his powerful new single, "Flatline D.O.A," along with an accompanying music video Friday 25th August 2023. The single is a compelling preview of his upcoming album, "Walking With My Darkness," set to release 16th February 2024.

"Flatline D.O.A" is a haunting exploration of death using the sub context of the deterioration of relationships, both literal and metaphorical. It delves into the stark, shocking realization that death can strip away everything, leaving only ambiguity in its wake. The song and music video depict the decay of love, respect, and trust, creating a void filled only with darkness, grief, confusion and ambiguity.

With poignant lyrics such as "Everything you've loved gets thrown away, every dream you've had gets stripped away, everything you've ever tried to say is lost when you're Flatline D.O.A," Harris captures the raw emotions experienced when the heart ceases to beat for oneself and others. It serves as a personal commentary on the complexities of relationships and the profound impact they can have on one's life.

The accompanying music video for "Flatline D.O.A" delves even deeper into the theme, visually representing the deterioration and decay of relationships. Through captivating imagery and expert storytelling, the video adds an extra layer of depth to the emotional journey presented in the song. The video was produced in collaboration with the acclaimed team at Scudley Films, with whom Harris has built a strong creative partnership.

"Flatline D.O.A" will be released on 25th August 2023 through Epictronic Records, in collaboration with The Orchard Sony, on all major digital platforms. The corresponding music video will also be available for streaming on the same day, adding a visual dimension to the evocative storytelling.

Jeremy Harry Harris continues to showcase his talent for crafting deeply emotive songs that resonate with audiences worldwide. "Flatline D.O.A" is a testament to his unique artistry and his ability to explore complex themes with honesty and vulnerability.
