

TELL ME IT AIN'T TRUE

CHORUS

Tell me it ain't true, tell me we ain't through.
You know I don't want to live without you.
So tell me it ain't true, tell me we ain't through.
You know that I've built my world around you.

VERSE 1

You were my everything.
Now teardrops fall on barren ground.
You were my everything.
But now the darkness gathers round.
A sadness in your eyes tells me all I need to know.
But can you tell me how.
I'm supposed to let you go.

CHORUS

So tell me it ain't true, tell me we ain't through.
You know I don't want to live without you.
So tell me it ain't true, tell me we ain't through.
You know that I've built my world around you.

VERSE 2

Life without you now;
Feels like the colours' stripped away.
I go to reach for you.
But like my dreams you slip away.
This world is so unkind; I was just too blind to see.
This life it holds no light, if you're not here with me.

TELL ME IT AIN'T TRUE

CHORUS

So tell me it ain't true, tell me we ain't through.
You know I don't want to live without you.
So tell me it ain't true, tell me we ain't through.
You know that I've built my world around you.

BRIDGE

Once we used to stand so tall.
We took a chance and risked it all.
We kept each other safe and strong.
We never thought it could go so wrong.
Now I keep trying to face the day.
Try to push this pain away.
Learn to love just one more time.
But I can't get you off my mind.

CHORUS

So tell me it ain't true, (tell me it ain't true).
Tell me we ain't through (tell me we ain't through).
You know I don't want to live without you.
So tell me it ain't true, (tell me it ain't true).
Tell me we ain't through (tell me we ain't through).
You know that I've built my world around you.

So tell me it ain't true, (tell me it ain't true).
Tell me we ain't through (tell me we ain't through).
You know that I've built my world,
I've built my world around you.
