

# Columbia River Cockapoos

## Prospective Puppy Home Questionnaire

Full Name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone Number: \_\_\_\_\_ Email: \_\_\_\_\_

Cockapoo puppies are adorable, and they require a lot of time and attention — especially during those crucial first few weeks at a new forever home. We appreciate getting to know more about your family so we can place each pup in the best possible home for their individual personalities and needs. Thank you for choosing to work with an ethical breeder like us at Columbia River Cockapoos.

**Why do you want to buy a puppy and do you have time?**

---

---

---

---

**Why do you want the Cockapoo breed? Have you ever owned a Cockapoo before?**

---

---

---

**Who will the primary caretaker of the puppy be?**

---

---

**Will puppy be left alone ever? How long? Will you be using a crate, kennel or a safe enclosed space?**

---

---

---

**What activities does your family enjoy? How active is your family?**

---

---

---

---

---

**Do you have any additional plans for the pup:**

- Raising the puppy to compete in sport competitions or dog shows
- Using the puppy for responsible breeding
- Training the puppy for fieldwork, hunting or pet therapy

---

---

**What is your living situation? Do you live in a house, mobile home, condo or apartment? Do you have a fenced yard?**

---

---

**What other pets do you own?**

---

---

**Are the other pets spayed or neutered?**

---

**How socialized are the other dogs? Do they display aggressive behavior?**

---

---

**Do you have a gender preference for your puppy?**

---

**Coat color or type preference?**

---

**Have you ever given a pet away? Why? We understand that life happens and we appreciate your honesty.**

---

---

---

**How did you hear about Columbia River Cockapoos?**

---

---

### 3-Year Health guarantee:

- Puppy will be up to date on vaccines and dewormer before going home to forever family. We offer a 72-hour satisfaction guarantee, and encourage you to have a Vet check set up within that time.
- We discourage oral flea or tick treatments as these can be very dangerous and potentially fatal for some dogs.
- Owner will stay up to date on puppy vaccines/dewormer.
- For the first three years of puppy's life if a genetic health issue arises or if your pup passes away you must receive a Vet certificate and confirmation that the issue was not due to any fault of the owner. Once the current pup has been returned to us, you will be given a different puppy of similar cost and type, free of charge, as soon as available.
- Use only Life's Abundance dog food and treats, available at **thrivingcompanions.com**. Living the longest, happiest, healthiest lives possible is top priority for our beloved furry companions! For years my pups have loved the Life's Abundance dog food, treats and pet care products and enjoy the health benefits! This incredible company has never had a recall in over 25 years of business and sources only top-quality ingredients. They make every micro batch only according to customer demands so product never sits for months to years on some store shelf losing nutrition and being sprayed with chemicals! No harmful preservatives, corn, wheat, animal by-products or fillers are ever used! Formulated by a holistic Veterinarian specifically for dogs' unique dietary requirements to be nutrient dense and highly digestible! Which means the perfectly solid doodoos hardly smell and are much easier to cleanup! If you have any questions or concerns about purchasing or using this food please ask!

### Puppy Contract:

- Love the puppy like family! Provide proper shelter, food and water, safety, regular exercise and stimulation, consistent grooming, health care when needed.
- Spay or neuter before puppy is 10 months old, unless purchasing breeding rights.
- Right of First Refusal. If your circumstances change and you're no longer able to care for the puppy please let us know. We may want the puppy back or to rehouse it with another loving family.
- Stay in touch. We love pics and updates to confirm the puppies are well cared for and thriving.
- I will be available for your puppy questions and concerns for the lifetime of your furry companion.
- Life's Abundance dog food purchase is required before sending puppy home.

Our daily favorites are the All Life Stage Dog Food, and the Wellness Food Supplement. For treats and dental health we love the Water Buffalo Bully Sticks, Turkey and Berry Chewies, and the Antioxidant Health Bars. The Revitalizing Shampoo and Bath Fresh mist are amazing at keeping Cockapoos coats soft, shiny, tangle free, and smelling fresh. The Ear Care Formula is essential for floppy ear dogs like Cockapoos who can be prone to wax build up and ear infections. Available at **thrivingcompanions.com**.

I, \_\_\_\_\_ agree to follow the puppy contract and the terms of the 2-year health guarantee.
