PCA PEELS

Sensi Peel | \$125

Sensi Peel is a unique peeling option that was formulated for all patients, including those with highly sensitive skin. This gentle 6% TCA solution will help to improve surface texture while 12% Lactic Acid brightens the skin and evens skin tone.

PCA Peel with Hydroquinone | \$125

An innovative light to medium depth Jessner's Peel. Key ingredients 14% Lactic, 14% Salicylic and Citric Acid effectively exfoliate and brighten the skin, while 3% Kojic Acid and 2% Hydroquinone lightens hyperpigmentation promoting an even skin tone. A perfect treatment for acne and hormone induced breakouts and post inflammatory hyperpigmentation.

Ultra Peel | \$125

Ultra Peel was specially formulated to treat maturing skin while promoting even skin tone and clear complexion for all skin types, conditions and sensitivities. Ultra Peel uses 10% TCA solution for superficial and medium-depth peeling to improve the appearance of fine lines and wrinkles. 20% Lactic Acid is also used as part of the skin's natural moisturizing factor to moisturize the skin as well as exfoliate.

Smoothing Body Peel | \$150

The Smoothing Body Peel is formulated with a potent yet skin-friendly blend of 10% TCA, 45% Lactic Acid, 10% Salicylic Acid, Arbutin and Kojic Acid to improve and enhance the skin's appearance.

6% Retinol Peel | \$175

The most suitable candidates for this more active retinoid treatment are those with normal to resilient skin. 6% Pure Retinol Peel provides dramatic and rapid rejuvenation of the skin. By providing additional antioxidants within the formula, the skin is further protected from free radical damage. Skin is visibly smoother, brighter and more evenly toned. Only available in a physician's office.
