

### In My World

God created Adam and gave him a very special job. Adam's job was to care for the animals and take care of God's creation. Our world looks much different than the world did when it was first created. But just like Adam, it is our job to take care of God's creation. One way we can do that is to keep it clean. Put trash where it belongs, recycle, reuse things instead of throwing them away. The world God created is still a beautiful place, as long as we don't junk it up.

### Reflection Questions

1. What are you doing to help take care of God's creation?
2. What changes can you make to make the world a more beautiful place?

### My Prayer for You

My prayer for you is that you take time every day to see the beautiful world God created. Life gets busy and sometimes its easy to overlook all the wonderful things God created. Try to take a few minutes each day to think about this wonderful world and the awesome God who created it all. Then do what you can to take care of it.
