

Greetings Family! It is with extreme excitement that we announce our upcoming family reunion, which is designed to restore the connections our ancestors envisioned.

Our family branches were researched and documented by the late Grover C. Rowe over 20 years ago. As a result of his hard work, it was discovered that there are nine branches that connect our roots.

The late Mattie Mobley, matriarch of the Hall family encouraged us to get to know each other by continuing to have family reunions, and as descendants of strong, resilient and powerful people, let's do our part to honor them with a wonderful, unforgettable reunion that strengthens our unbreakable bond.
