## **ABOUT**

Sydney Truck Showdown is the newest and boldest truck event to hit New South Wales, hosted at the iconic SYDNEY DRAGWAY on 6 March 2027. This one-of-a-kind show brings together every type of truck – whether it's a polished showstopper, a tough working rig, or a custom build that turns heads. The event celebrates the trucking industry, its people, and the machines that keep Australia moving.

Competitors will have the chance to battle it out for a wide range of trophies, with awards recognising everything from paintwork and presentation to working-class pride. No matter the make, model, or purpose, every truck has a place at the Showdown.

The event draws inspiration from the legendary Penrith Working Truck Show, carrying on its tradition of showcasing trucks not just as vehicles, but as a way of life. Sydney Truck Showdown is built on that same passion – shining a spotlight on both the heritage and the future of the trucking industry.

For businesses, the Showdown offers unbeatable sponsorship and trade stand opportunities. With many thousands of truck owners, drivers, and enthusiasts expected through the gates, it's the perfect platform to showcase products, connect with the trucking community and put your brand in front of a highly engaged audience.

Whether you're here to compete, exhibit, or simply enjoy the spectacle, Sydney Truck Showdown is the ultimate destination for truck lovers.
