Ultimate Injection Provides a variety of fuel injector and CP Pump services. As a customer you are responsible for paying for these services being provided to you. If you do not coordinate payment, pick up, or shipment of your fuel injectors or CP Pump they will become the property of Ultimate Injection D.B.A. LSXKILR Custom Calibrations after 3 weeks from the date they arrived at our location.

When you drop your fuel injectors or CP/Lift Pumps or ship them to be serviced, they are transported to the service building. They will be considered **"IN PROCESS"** until they are completed and returned to the primary business location. It is important to provide your email address to receive progress pictures and documentation for the services that you receive.

By signing this form, you agree to the above service terms.
