Professional Summary

Electronics and Telecommunication Engineering graduate (2026) with CGPA 6.8. Skilled in Python, HTML, CSS, JavaScript, Embedded Systems, Arduino, and NodeMCU. Completed internships in Embedded Systems and Python Programming. Seeking an entry-level role to apply technical knowledge and contribute to organizational growth.

Education

Bachelor of Engineering (B.E.) in Electronics and Telecommunication

Sipna College of Engineering and Technology, Amravati

Graduation Year: 2026 | CGPA: 6.8

XII (Maharashtra State Board) – 70.83%

X (Maharashtra State Board) – 88.40%

Technical Skills

- Python
- HTML, CSS, JavaScript
- Embedded Systems
- Arduino
- NodeMCU
- VS Code

Projects

1. Fire Detection Alarm (Mini Project)

Developed a fire detection system using sensors to detect heat, smoke, or flames and activate visual and audible alarms.

2. Gesture Recognition and Voice Output System for Non-Verbal Communication

Developed a system using IR sensors and NodeMCU that converts hand gestures into text and voice messages, enabling real-time communication for speech-impaired individuals.

Internships

- Embedded System Developer Virtual Internship (Oct–Dec 2024)
- Programming Fundamentals Using Python Virtual Internship

Achievements & Certifications

- Aptitude Training by III&CR
- PCB Design and Fabrication
- Digital Treasure Hunt
- Coordinator in Ecothon 3.0
- Python Programming Certification
- Placement Preparation Programme

Soft Skills

- Problem Solving
- Team Collaboration
- Time Management

Languages

English, Hindi, Marathi
