Dear

I am deeply troubled over a Global Pandemic Treaty with Canada and the W.H.O. This agreement concerns our sovereignty as Canadians.

I understand many distinguished Canadians have expressed their concern over this treaty. For instance, Dr. Leslyn Lewis Member of Parliament has gathered over 90,000 signatures. They are calling for the withdrawal from this process.

Internationally renown experts like Dr. Tess Lawrie are likewise calling for the UK government as well as the citizens of the world to withdraw. Dr. Lawrie was supported by 116,000 signatures. Moreover, Rob Roos (Member of the European Parliament) is actively speaking out against this treaty. Furthermore, many countries are now pulling out of the treaty.

Although the impact will be on all Canadians and will deeply affect our rights as Canadians, there has been very little reporting by the mainstream media.

As my elected representative I ask that you respond by way of my email address provided below.

Warm regards,
