THE WEEKEND SOLDIER

CHORUS..

I AM THE WEEKEND SOLDIER,
AND THE WORLD IS SCARED OF ME,
I'VE FOUGHT A MILLION BATTLES AND,
I'M ALWAYS HOME IN TIME FOR TEA.

When I was but a sporty youth,
And tired of being ignored,
I suddenly said to myself,
Now why are you so bored,
I wanted some adventure,
Some muscles and some power,
So I went to the local Reserve,
And joined within the hour.

CHORUS..

Well I've been in the Reserves,
For a short while now,
And I must say it hasn't turned out bad,
For when I put my Black Beret on,
I feel like yelling out.....
Oh my camouflaged smock fits me perfectly,
But the trousers could be improved,
I have to take three steps or more,
Before they even start to move.

CHORUS..

So watch out all you baddies,
Or I'll be on you in a flash,
For this is the queue to see the world boys,
We've been to BINDOON more than twice,
And all you left wing radicals,
Don't give us any of your cheek,
Or we'll have a revolution on a Saturday
'cause I have to work through the week.

CHORUS..

SONGS AND POEMS

This song was handed in by a certain Engineer. We're not sure about the lyrics but I suppose you have to be an "Elite" to understand them.

The Retest Brigade

Chorus

I know, I know, I know, I know, I've failed three exams,
I know I really should pass but I don't give a damn,
I know this course is s'posed to be real,
But Big Bloody F....ing Deal.

Glory, glory for the retest brigade,
I know I'm really craving for the instructors aid,
I know I really should be studying at my desk,
But I'd rather be drinkin' piss in the mess.

For minefields put the booby traps, for boobys put the mine,
The way they mark the papers it really is a swine,
I sit in the class room all bloody night,
But I still don't feel alright.

Chorus..

I've passed all my retests, I've even made a sheer,
All I want to do is drink alot of beer,
The score is Micky 7 Instructors nil,
Thank God for the No Doze Pill.

Chorus..

Dulux has his home now, Sydney's on the mend,
7 Field Medics think we're round the bend,
I know that my mind should be on the course,
But I'd rather go ride a horse.

Chorus..

Whilst walking back from a night at the boozier two soldiers heard a few Engineers all singing gleefully in the shower (dropping the soap) with each other. Hence this short little ditty.

Rub a dub dub
Several Engineers having a tub
A stoker, A stoker and the rest with small pokers.

THE GROWING OF A BUSH MUSTACHE

Right on top of his lip,
A certain Corporal is growing a slug,
When asked what's it for,
He said ' Well sure',
It's coz I ain't got balls to rub.

MR PAM MAN (Sung to the tune of Mr Sand Man)

Mr Pam Man Read us a Pam,
Make it as accurate as only you can,
Give me a quote from the DFDA,
Include the chapter page and paragraph number.

Mr Pam Man asleep in your bed,
Covered in manuals from your feet to your head,
Please inspire your fellow man,
Mr Pam Man read us a Pam.

WO2 MURRAY (Sung to the tune of Aeroplane Jelly)

We like Warrant Officer Murray,
Warrant Officer Murray for me,
We like him for lessons,
We like him for drill,
To have him with us is a wonderful thrill.

We like Warrant Officer Murray,
Warrant Officer Murray for me.

RORY'S JUDGMENT DAY

'Twas a balmy night in January,
All the ants were out to play,
When Rory bought the bullet,
It was his final Judgment Day.

An outsider looking in might say,
To be an ant is some what meek,
But being the smallest ant of all,
Rory was simply called 'a freak'.

Now Rory'd play with the other ants,
And he loved to get about,
But more often than not,
They'd play'd play him left right out.

He longed to be like everyone else,
And run, jump and crawl,
And frolic across the country side,
And be at least two mil tall.

He wanted to be one of the boys,
And be accepted by his peers,
'Hey Rory you little runt',
All he'd every get was jeers.

But Rory was a cunning ant,
quick witted, smart with guile,
He'd find his was to the smallest crumb,
Beating the others by half a mile.

So Rory set out to achieve his goal,
Sweet revenge, Oh who'd done him wrong,
After what seemed to many a millennium,
Rory invented the Atomic Bomb.

'I'll do you all in', announced young Rory,
Anger pumping through his veins,
Now I'll be the tallest one,
And I'll take over the reins.

By Capt. B Johnston, written whilst watching a small ant take on a one inch bull ant over a survival biscuit crumb.

The bullet found its mark,
The sniper he ain't no fool,
To hit a target so small he said,
I must be fucking good'

No more will you leave me out,
Of you petty little games,
I'll send you all to hell you see.
To suffer in the flames.'

It was at this point in time,
On that balmy January night,
When from an assassins rifle,
A fearful shot rang out.

Now Rory lay upon his back,
Six legs up in the air,
A hole ripped through his thorax,
And pain he could not bare.

His heart a barely beating,
His eye sight dim and poor,
Spoken through his last gasping breath
'What the fuck did you do that for'.

So Rory bought the bullet that day,
It's not fair some would chant,
After all what could he have done,
He was just a little ant.

So listen up all you people,
Relax, chill-out, be gay,
Or you may receive a similar fate,
On your own Judgment Day.

SILLY QUOTES AND COMMENTS

At the volley ball game the other night, which Officer was heard to say to a Sig. after she said "Don't you trust me?" he replied "No, I don't want to get my willy twanged by the net!"

DS 32 calls Maj Wilson from Defence location asking if there were any seagulls here. The comment came back "Just throw a chip!"

Lt L'Estrange left his steyr unattended in his room. WO2 Bain was seen wandering about with the weapon at 1655hr. It was noted that he commented at 1330hr, "Where is my Platoon?"

A comment by an Officer Cadet on being asked why he was having yet another O Group to organize his troops, replied to the DS " Well Sir, I've wasted so much time already I figured that another couple of minutes wouldn't matter too much!"

Who goes by the name of 'Mother Superior'.

Comment by DS, Opdem for 1 large can of gray paint, so at least this patrol can look like a convoy as it's already doing the zig zags.

Do you actually use your compass or is it a lucky talisman?

Capt. Johnston to Spr Newton who was looking very sad, "Spr Newton, do you have any muscles in your face?" Spr Newton after pausing to think for a few seconds, "Yeh I think so." Then Capt. Johnston said "Why don't you use them every now and then and smile." There was no reply and no noticeable alteration to Spr Newtons expression.

Cpl Dupreez was heard to say as a swarm of bees gathered in the sig trailer, "have bees got a sweet tooth.

Who goes by the alias 'Sapper S' and also 'Voluptuous Helga from the Volgars'. This second alias was given to her when everyone found out that whilst filling in pits with the Engineers, she took her shirt off. It was then the Engineers had other mounds to ogle at other than the sand.

This same Pte was also seen skulling port in the dark with a group of bawdy drunk Engineers.

A certain member of D&E Pl. (Dean McAuliffe), went to the RAP and looked at the boxes and asked what's the difference between Menses condoms and Duo condoms. Answer given: Well Duh..... Menses are for women and Duo for men!!

Who likes to scare SSgt Schrugin by trapping him in the back of the Land Cruiser and threatening to fart.

Picture it yet another hot and stinky day in Bindoon then all of a sudden Cpl Dupreez did it, she put her foot in it not once but twice. We were all sitting there, then out it came. That's right she hates hairy men and can't stand the rich and arrogant pricks that go to

Club Bay View. (This was said whilst in the company of officers that do and have all of the above).

After receiving a polyester skirt instead of trousers for the DEO Dining In Night Capt. Wong exclaimed, "Hey, this skirt, not trouser. I am man not women!!" Grasping at the general area, "See I have balls!!!!!!!!!!!!!!".(thats why they call it mess dress).

On a driving task to collect Lt Malone (alias Penfold), and to retrieve items from WAUR , L/Cpl Salis said, "we can't leave yet we have to wait for Ocdt Penfold".

Classic comments from the 1/95 DEO Cse.

5. After numerous times of trying to get a certain captain in step while marching, by saying "left, right, left, right, left" for approximately 100 metres, this comment was overheard. "Not that left the other one".
6. Warrant Officer Vine was claimed by one student to grow on you, quite appropriate considering his last name.
7. While marching under the direction of a particular padre, the course was told to "right, march!!!!
8. Upon receiving a pacer for navigation Lt Mycock realized it did not work. After pondering the problem for a while she came out with "I need a screw". Another Lt (male) called out to the others "Mycock needs a screw!!!!?

ENEMY ANTICS AND SIGHTINGS

1. Pte Hawke whilst in the enemy party, bravely confronted the friendlies yelling "Die
M----- F-----!!!!", only to have a major stoppage in the chamber, thus getting severely busted
by the friendlies.
2. Spr Pace while erecting a hootchie through a rock tied to some hootchie cord over a
tree to raise the centre. The rock after flying over the Pl Cmd head and seemingly out of
harms way, made like a boomerang back towards the hootchie to strike an unsuspecting Pl
Cmd in the face.
3. Cpl Dupreez was spotted by the enemy performing her afternoon ablutions. Cpl
Keatch seeing the enemy would be prone to over excitement and not able to perform their
tasks, at their optimum level, told them to look away.
4. Sapper Westaway is now officially called Snapper Westaway after almost being nabbed by
the enemy in a most compromising position during a call of nature. Lucky for him he got away
just in the snap of time.
5. The enemy whilst all squeezed into their vehicle stopped on a road during a friendly
withdrawal to check their navigation, only to find that a lagging Friendly section was in the
scrub just off the tack where the Enemy just happened to stop. The enemy scarpered with the
Friendlies firing volleys. This gave the Friendlies a rehearsal for when they shot up their own
safety vehicle about ten minutes later. In their defence they said that they were told all vehicles
were enemy.

6. This is the last fighting patrol of the exercise, I want you to make it a good one, that is unless the DS have another assessment planned for me. OCDT Narbett briefing his patrol.

The Q store presents: "Are You Being Served"

Q store Member: Good morning Ma'am can I help you?

Officer: This shirt is too large, and I'm not too sure about the colour. Could it be changed at all?

Q store Member: Certainly Ma'am, we'll have some sent up from our Fremantle store tomorrow - what size would Ma'am like?

Officer: I think it's a size 85R - thank-you.

The following day.....

Q store Member: Good Morning Ma'am we have your shirts in - would you like to try them on?

Some time later.....

Officer: These shirts don't fit - can I change them for a larger pair?

Q store member: Certainly Ma'am - what size would Ma'am like this time?

Officer: Perhaps a 92 short.

Q store Member: Excellent choice Ma'am - perhaps if Ma'am could call in tomorrow?

The following day.....

Q store member: Good morning Ma'am, are you being served.

Officer: Have those shirts come in yet?

Q store Member: Certainly Ma'am - you wanted 92 short, we have them here, would.....

Officer: No I wanted a 92 regular... I'm sure I asked for a 92 regular...

Q store member: Our mistake Ma'am. Please accept our apologies. I'll have the storeman shot tomorrow. We will send down a special vehicle and to hell with the Defence budget.

The following day.....

Q store Member: Good Morning Ma'am, are you being served?

Officer: My shirts - have they arrived yet?

Q store member: They are still on the road Ma'am, apparently the truck is delayed as it is caught up in the storeman's funeral cortège... It will be in this afternoon....trust me, I'm a corporal.

That afternoon.....

Q store Member: Good afternoon Ma'am, can we help you?

Officer: I'm after my shir.....

Q store Member: Yes Ma'am, they have arrived. Size 92 regular was it not? Here they are Ma'am - 92 regular, you will also notice the pattern and colour is slightly more up market.....more to Ma'am's Liking?

Officer: Thank-you, Good day.

Q store Member: Thank-you Maam. OK who's next, you Sir?

Officer: Yes, this shirt is too large.....
