

MARAUDER MISSION BRIEFS

DISTRIBUTED BY THE B-26 MARAUDER HISTORICAL SOCIETY

MMB # 6 - Dec. 2010

"We will not forget Dec. 7 1941. National Pearl Harbor Day (Remembrance Day) when all US flags are raised to half mast until sunset and on Dec 8, 1941, War was declared on Japan"

Of all the many Marauder aircraft built, history has picked just a few to become famous. One such Marauder is now being assembled by the Smithsonian. What is the name of this famous Marauder?

Can you recall the name of any plane in your Group/Squadron that set it apart from the other planes that had a history in your Unit (maybe had too many aborts)?

Are you aware of any WW II Museum/Archives that is restoring a B-26 Marauder? If so, where is it located? Do you know the history/name of the plane being restored?

MHS is serving as the "umbrella" for all Marauder Units and will never give up spreading the word about the Legacy of the Martin B-26 Marauder.

There is an easy and fun way for each of us to help out and it does work in spreading the word. Send a kit model of the Marauder to family members and let them assemble it. Or, "step up" and give them a completed display model. Consider gifting a model so it can be showcased in your nearest AF Base clubs, VFW Chapter Hall or American Legion.

Believe me a model of a B-26 on display in your home along with photographs of the "Widow Maker" opens the door for conversation. Review your old WW II photographs and place in an album and allow others to see them as well..

Contact MHS and inquire about a kit or ready-to-display model, pricing starts at \$27 shipped.

What are Mission Briefs? Short, quick, monthly communications designed to stimulate the members memory cells of the important role they played in the historical legacy of this famous Martin B-26 Marauder in WWII. Our goal is to trigger your recollection of those humorous/odd/strange/stupid/sad situations that you experienced and encourage you to share them with us. From Basic to MOS training locations; from assignment duties in a B-26 Unit Squadron/Group/Wing to encounters with the locals we want to hear and share it all. Your history is OUR history. We will share some tidbits with the Thunder readers and our Archivist, Andrew Boehly (aboehly@pimaair.org) We hope you enjoy your Mission
