WHAT WE COACH: **PROGRESSIVE LEARNING AND FUN!**

TOTLOT GYM:

Our program is based on activities that involve organized play, free play and structured skills on the gymnastics equipment in the upper Tot Lot Room Gym. Physical activity both structured and unstructured is said to be essential in a young child's development. Not only will your child's physical abilities develop through gymnastic skills but researchers believe our sport contributes to the development of cognitive and affective (social/emotional) skills in children. Our program utilizes skills outlined in the "Preschool Movement Manual" provided to clubs by the Canadian Gymnastics Federation. The parent's role in the class is to assist their child with the skills the coaches introduce. Coaches will lead the group and spot items like head position, back arches etc. Many of the principles of the above are similar, without the support of the adult. In these programs children in small groups will rotate through stations and circuits where the coach is ready to instruct. Smaller skills will be set up to keep line ups at a minimum. The preschool check sheets will be kept to ensure quality instruction is being introduced in a safe and progressive manner. Remember, many skills have 3 or 4 levels of drills to master before the "whole skill" is taught. We encourage taking turns, listening to coaches, and a combination of stretching (in one place) combined with unstructured movement patterns through the gym.

REC ROOM GYM & MAIN GYM:

GYMNASTICS, TRAMPOLINE & TUMBLING - these programs use the Cangym badge program. Each class includes a warm up, movement theme and time on 2-3 apparatus rotations (vault, bars, beam, floor). Coaches track badges, here is an overview of the Can Gym.

BRONZE LEVEL (BADGE 1-4)

BURGUNDY - BADGE 1

RED - BADGE 2

TAN - BADGE 3

BRONZE - BADGE 4

SILVER LEVEL (BADGE 5-8)

PURPLE - BADGE 5

BLUE - BADGE 6

TURQUOISE - BADGE 7

SILVER - BADGE 8

GOLD LEVEL (BADGE 9-14)

ORANGE - BADGE 9

YELLOW - BADGE 10

GREEN - BADGE 11

GREY - BADGE 12

Cangym is designed primarily for recreational gymnastics programs. Generally, it is expected that for badges in bronze level a single badge could be completed within one session. The silver level may require one or more sessions to complete each badge.

Each badge consists of approximately 20+ skills. The Bronze level badges concentrate on developing the Dominant Movement Patterns of gymnastics. The silver level works on combining DMPs (Dominant Movement Patterns) and the Gold level one focus on mastering the identified key skills.

Trampoline and Tumbling Classes follow CANGYM pages, a series of progressive skill sets to attaining higher skills with more degree of difficulty. All our participants work at their own pace!

We will be using the badge system all year. Kids continue learning "where they left off" with each new session. We strive to make learning gymnastics fun & informative, promoting healthy participation.
