

## WHY AGLAIA ESTHETICS ONLINE

We understand the importance of delivering the perfect facial or any esthetic treatments in order to establish a strong name in the industry. At Aglaia Esthetics, we have a team of highly trained and experienced experts. These professionals manage to deliver training guideline online which is convenient with the support of a well outlined textbook, practical DVDs, that are easy to understand and user friendly.

Since these courses are distance learning online, you won't have to forfeit your daily routine in order to attend them. You can choose to view lessons and complete chapters as and when you like. All the online modules are valid for 4 months, the whole esthetics program ( 4 separate modules ) for 16 months and this gives professionals the leverage of attending them at their own ease. They can also re-attend the chapters they found tough in order to understand them well.

There are a number of online modules that Aglaia Esthetics has to offer. These courses are highly efficient and manage to cover all the aspects and areas required for a professional to carry out various facial and spa treatments with ease.

Since the courses have been designed by professionals, they let students in on various techniques that enable them to deliver results that are better than any others in the field. They also enable students to understand the various skin types, the products that work best and how to work their way with various skin conditions.

Aglaia Esthetics is a well established brand in the market and this holds a lot of weight age in the market. Professionals trained out of this institution, automatically get more credit and clients trust their services more in comparison to those who learn from other sources.

\*At the completion of the online section(s), the student has the opportunity to participate in a 6 days intensive hands-on practical training and final theory and practical exam with the top professionals in the industry, this which will give the student a solid understanding and confidence of the new learnt skills.

All graduates and professionals who graduate from Aglaia Esthetics, get a Diploma, Transcript and Certificate form the [BeautyCouncil.ca](http://BeautyCouncil.ca) that proves they have the right skill sets and they can deliver the best services in the industry.

The base for any career is essential and needs to be strong and Aglaia Esthetics manages to help students establish a strong base that helps them grow and succeed in our fast growing beauty industry.
