## Experiences

**UX & UI Designer**
**Zaber Technologies**

Vancouver, BC
Jun 2022 - Present

As a part of Software Team and Marketing Team I have been creating software apps and a part of website redesign.. My main responsilibities are attedning regular meetings and scrums to review the process of whole scope of proejcts and talking to stakeholders to finish the project to fultill the golas of not only business but also end users.

**Freelance Designer**

Vancouver, BC
Apr 2020 - Present

Most of the freelance works include not only websites, mobile apps but also visual content needed for the branding and/or promotional materials.

**UX & UI Designer**
**D3 Security**

Vancouver, BC
Oct 2017 - Apr 2020

Took ownership of design solutions from conceptualization to implementation by collaborating with other designers, PM/BAs, engineers to define problems, goals, and design solutions. Established design system for cyber security platform and built the product itself simutaneously.

**UX & UI Designer**
**Project Garden**

Vancouver, BC
Jun 2017

My team provides the Project Garden with the responsibe website design that improves the accessibility and updates the interface more friendly. It helped the Project Garden to achieve its business goal sharing resources to people succeed in gardening living in the city.

**UX Designer**
**Purebread**

Vancouver, BC
May 2017

I created a responsive website which reflects the culture of the Purebread, a friendly bakery shop of home-made and hearty food and coffee. It also includes an online ordering platform to reduce the errors occured through phone.

**UX Designer**
**Kitch Hospital Kitchen**

Vancouver, BC
Apr 2017

Because of food restrictions and tight schedules hospital patients and staffs have hard time to find good quality food that fits each of their condition. I created a premium, smart and simple food order delivery mobile application which enables them to customize their options and set the date and time to fit their daily life cycle.

## Education

**RED Academy**
UX Design Certificate
Apr 2017 - Jul 2017

**Rhode Island School of Design**
BFA in Graphic Design
Sep 2006 - May 2010
