

Hair Practitioners Certificate Course (HPCC)

- **Do you work in the Hair industry as a barber, hairstylist or hair coach?**
- **Do you give advice to your clients about their hair and would like to learn more?**
- **Would you like to take your career to the next level?**
- **Do you not work in the hair industry but are thinking of a change in career?**

At **Caring for Hair Trichology Clinic**, we provide non-surgical solutions for hair loss and scalp conditions. In addition, we have a strong passion to provide opportunities for learning and to enrich people's lives with valuable information and knowledge about the hair and scalp.

The Hair Practitioners Certificate Course (HPCC) has been designed by the International Association of Trichologists and is for individuals who are associated with the hair industry and want a more in-depth knowledge of the hair and scalp including how it is affected by chemical processes and some information about some common hair loss conditions.

The goal is to give you some basic knowledge about the hair and scalp so that you can understand how internal and external factors can cause hair loss and hair breakage.

This 12-week course will be online and accompanied by six fortnightly webinars delivered by **Caring for Hair**.

Course

This 12-week online course consists of:

- 6 modules
- Fortnightly webinars covering each module
- Video lectures by David Salinger, Executive Director of IAT
- A detailed course book
- A revision webinar before the exam

On completion of the course, you will sit an on-line exam that is assessed by the IAT. All successful candidates receive an IAT Hair Practitioner Certificate.

Module 1	Lesson 1	Functions and Structure of the skin
	Lesson 2	Glands of the skin
Module 2	Lesson 3	The chemistry and physiology of the hair
	Lesson 4	Nervous and circulatory support systems
Module 3	Lesson 5	Amino acids and bonds in the hair
	Lesson 6	Ph
Module 4	Lesson 7	Cystine, cysteine and permanent waving
	Lesson 8	Colouring and decolouring
Module 5	Lesson 9	Diffuse hair loss
	Lesson 10	Genetic hair loss in men and women
Module 6	Lesson 11	Microscopy
	Lesson 12	Scarring alopecia

Cost

Introductory Offer!

The cost of this course is £499 and is an introductory offer from the full recommended price of £550.

If you enjoy taking this course, and would like to continue your study, then the IAT will allow a portion of this payment, £200 to be credited towards the full Trichology course.
