SERVICE CONDITIONS & LIMITATIONS

- Routine maintenance chemicals are included under normal residential use. Abnormal or excessive demand is billed separately.
- Client-supplied chemicals may be used upon request. Results are not guaranteed when using non-recommended products.
- Filter cleaning applies to one system up to 520 sq ft. Additional systems or oversized filter are billed separately.
- Vacuuming, balancing, and service are under normal conditions. Heavy debris, buildup or abnormal conditions are billed separately.
- Salt cell cleaning applies to standard residential systems. Additional units or excessive buildup may require additional service.
- Additional service visits are performed at the Company's discretion. Scheduled or recurring extra visits, including fifth-week service, are billed separately.
- Priority service support provides prioritized attention within normal operations and does not include guaranteed scheduling or emergency service.

Service is based on normal residential conditions and properly functioning equipment. Additional work, chemicals, and service time are billed separately.

Pricing applies to pools up to approximately 20,000 gallons. Larger pools are subject to adjustment following an in-person evaluation.
