April Tuber Mini-Sale

Dahlia Growers' To Do List For March and April

Check on tubers in storage.
Pitch the rotten, moldy or
squishy ones

Pot up tubers for cuttings
Prepare beds by adding
compost

Start garden plotting plan!

We will be hosting a tuber sale at the Penn State Extension Master Gardeners 2024 Garden and Landscape Symposium and Marketplace.

This event will take place April 27th from 9AM-3PM at Hampton Community Center, 3101 McCully Rd Allison Park, PA 15101. Parking is free and the Garden Marketplace is free and open to the public.

We need donations of quality, labeled tubers of any cultivar. Tubers are needed by April 25th, so we can bag them for sale.

We also need to have another friendly face or two to help out at the sale and help promote the society and answer dahlia questions.

Please contact Mike Ramsay if you are able to help.
