Date of this order _____ Signature _____

-----cut here and submit upper portion only -----

Please note:

This form must be completed and signed before I will place the order for the belt. If you order the wrong belt you will have to pay for the replacement. If you don't know what size belt you need, measure your current belt and compare it to the inch measurement in the chart. Choose a smaller, the same or larger belt accordingly. Note that the incremental inch size is not the same as you go from one size to another.
