### **About this event**

Each year on March 10th, Harriet Tubman Day, GirlTrek invites Black women around the world to gather with friends and family, for a Harriet House Party. We are inspired by Harriet Tubman to make bold changes in our lives, one step at a time. More than a celebration, these gatherings are opportunities for women to reflect on their personal health, set goals for the year, and make commitments to hold each other accountable.

We say, if Harriet could walk to freedom, we can walk to better health.
