# Introducing the All-New G-TECH HEATED GILET

We built the G-Tech Heated Gilet to do one thing exceptionally well: integrate our flagship heated pouch technology into premium, performance-driven outerwear —without compromise.

Designed in collaboration with a leading design studio and crafted using the finest mills in the industry, the Heated Gilet delivers best-in-class warmth and reliable performance in a sleek, lightweight silhouette built to perform in real conditions.

## Key Features

- Patented G-Tech ThermoGrip heating system seamlessly integrated into fleece-lined front pockets with magnetic closures
- Upgraded G-Tech 4.0 battery delivering consistent, long-lasting heat
- Premium duck down insulation paired with a metallic foil thermal lining to maximize heat retention
- Water-resistant exterior finish with seam-sealed zippers to block wind and moisture
- Interior chest zip pocket for secure storage of valuables
- Discreet, “hidden-in-plain-sight” power button positioned below the front pocket
- Raised silicone G-Tech script logo on the back yoke

**Retail:** \$375

**Limited Pre-Book Wholesale:** \$175 (available through February 28)

**Delivery:** September 1, 2026

# CUSTOM EMBROIDERY PROCESS
