

Johnson City Schools Orchestra Guild

JCSOG Policy on Concert/Event Outside Presentations

(Revised/Effective 3/2020)

All Johnson City Schools orchestra concerts and events are hosted by the Johnson City Schools Orchestra Guild. It is the policy of the JCSOG to ask that representatives of a group, organization, company, or other school support group or individual wishing to speak or present at a JCSOG hosted concert/event submit a request to do so.

Requests need to be emailed to the guild president no later than seven days prior to the concert/event. The request will be presented to the guild executive board to determine if the request will be granted. A reply to the request will be made as soon as a decision has been reached.

A JCSOG representative speaks before every concert/event to brief its members of board and program activities and standings. Keeping these events on a time schedule is important to the guild and the orchestra program for the respect of our members and students.
