PROFILE

I'm a sophomore at Ball State University studying Sports Media Production through the Sports Link program. With the efforts of myself and my peers, our program is considered to be the best in the country, according to the BEA. In my time with them, I've had extensive opportunities to hone my craft in photography, videography, on-air talent, journalism, feature storytelling, and live production. I'm a driven and diligent student and worker, and I know I would be a valuable asset to your team. Thank you for your consideration.
