Handicap system revision: Retroactive we will be using the member's GHIN for the first 10 rounds. On the 11th round then the BRMC Saturday handicap will be used going forward.

We will be paying gross and net for skins. A hole can be won by both gross and net and will split the pot. On Par 3's a natural birdie will beat a net Birdie. A net birdie only gets ½ a pop.

The white tees are the default for every player except those who qualify for the red tees. If you chose to play another tee other than white. It must be noted on the sheet before the close of signups Thursday afternoon. If you do not then you will play the white tees.

We tightened up the point system so a player cannot run away with the points early.
