

The Petoskey Stone Festival

The Linda Gallagher Annual Button Design Contest

We are excited to announce The Linda Gallagher Button Design Contest for the 20th Annual Petoskey Stone Festival!

As we celebrate 20 years of the Petoskey Stone Festival, we are proud to introduce this annual contest in honor of Linda Gallagher, whose idea in 2006 started the Petoskey Stone Festival with the vision of bringing community and tourism to Antrim County.

Linda has been a monumental part of what the festival has grown into today, helping shape it into a beloved Northern Michigan tradition that celebrates Petoskey stones, Lake Michigan, and the rockhounding community.

Each year, the winning design will become the official collectible festival button, worn and shared throughout the event! The winner will receive a special gift basket of goodies, available for pick-up at the festival!
