Reference letter – Re: Mr Kgakishi Shai (9103225640088)

This is to confirm that Mr Shai, the Director of 11th of Ferguson (Pty) Ltd, Reg. 2023/592290/07 is known to me both at a personal and professional level. Mr Shai has assisted me with branded material to enhance the professional image of my clinical practice. He designed and crafted personalised/branded bespoke scrubs which I confidently wear for consultations in outpatient and inpatient settings. He further crafted a unique barrister bag for my stationery and digital work devices. In the year 2023, he designed a bespoke suit which I wear for formal functions such as gala dinners, conferences and the like.

Mr Shai's professionalism is commendable. The quality of his work output speaks for itself. His humble personality coupled with a strong work ethic makes him a desirable associate. He has produced garments for a variety of professionals and companies. Ranging from legal professionals to academics, healthcare professionals and corporate executives, everyone has a positive story to tell about Mr Shai's attitude and products.

I appreciate Mr Shai as a professional sartorial craftsman, and I also value him as a dear friend. I am confident that his business will succeed and will continue to offer products of quality. I wish him all the best in his business pursuits and trust that more people will benefit from this esteemed craftsman's work.

Sincerely,
