

Greetings friends of the Senior Program!

October 2020

We are here for you! If any senior knows of anyone who would benefit from any of our programs, please have them contact us. We will continue to deliver lunches and provide services as the pandemic continues on.

The JET is open and fully operational! We are taking trips to all medical appointments between Syracuse and Auburn. We will also take trips for groceries. Please call to schedule a ride, 315-604-1322.

Your health is important to us. With the upcoming flu season compounded by the pandemic, we want to make the vaccination process easy for you. We are creating a Flu Shot distribution plan partnered with Kinney Drugs. Details coming soon.

We miss you and hope to be together as soon as we are allowed. Keep your chin up and try to see the silver linings as the days turn colder this month. Remember, we are all in this together!
