

HIGHWAY REPORT

May 9, Thru June 10, 2024

June 13,2024 Meeting

Equipment Maintenance: Not much to report haven't had any breakdowns this month knock on wood

Road Maintenance: The guys have been busy on Shantz road bridge trying to get the water dam up so we can get always concrete pumping here to mud jack the bridge wing walls the bridge has a huge void from water erosion and the bridge has sunk about 6 inches. The guys have finished up the street sweeping the new truck works well. We continue to mow lawn at the park and office and we also continue with road side mowing.

Trash Program: The trash program seems to be going well had one mishap of people throwing house hold garbage in the dumpster again.

Respectfully Submitted

Jim White

Superintendent Of Highways
