

Youth Entrepreneurs

Fall Enrichment Program

Youth Entrepreneurs prepares “Generation Genius” to become the next social entrepreneurs. Youth Entrepreneurs is a ground-breaking hands-on immersion program designed specifically for middle and high school students. Today, more than ever, young entrepreneurs need to prepare for challenges that will turn into opportunities. Acquiring an entrepreneurial perspective and skills has never been more timely or valuable. Youth Entrepreneurs program integrates positive youth social and emotional learning, community engagement, and entrepreneurial workforce skills. This program also prepares youth for future leadership positions in the business, community, and government sectors.

- Five weeks of entrepreneurship coursework delivered in person.
- Small student cohorts to innovate, ideate, collaborate & problem solve.
- Entrepreneurship thinking & business fundamentals such as marketing, strategy, and finance.
- Focus on a entrepreneurial mindset.
- Improved awareness of strengths and passions to better focus on future education and career goals.
